PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 1st May 1911.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 11 OF 1910-11.

Appellant	*vs.*	Respondent
Javaregowda of Machavalalu village, Krishnarajpete Taluk.		Barighat Narasimhiah of Akkihebbal, Krishnarajpete Taluk.

Subject.

Appeal against the order of the Revenue Commissioner in Mysore declining to cancel the sale held for arrears of revenue of Survey No. 107 of Sarvamanya Machavalalu village in the Krishnarajpete Taluk.

One Javaregowda of Sarvamanya Machavalalu village in the Krishnarajpete Taluk having failed to pay the rent due to the Inamdar Sura Pandit, his land bearing Survey No. 107 in the said village was forfeited and sold by the Taluk authorities on 30th October 1906 and one Barighat Narasimhiah purchased it for Rs. 109. Thereupon on appeal to the Sub-Division Officer, that officer cancelled the sale on the ground that the Inamdar had not been examined. The counter-petitioner Narasimhiah then preferred an appeal to the Deputy Commissioner, who having set aside the order passed by the Sub-Division Officer, confirmed the sale.

The matter having come up before Government on 4th May 1909, they held that as no summary enquiry was held under Section 98 of the Land Revenue Code, the subsequent proceedings were all void, and therefore cancelled the sale. (*Vide* Government Order No. R. 1693-701—L. R. 388-09-4, dated 23rd August 1909.)

When the records were returned to the Deputy Commissioner together with a copy of the Government Order referred to above, that officer misinterpreted the order and instead of directing a fresh sale, if necessary, confirmed the previous sale after further examination of the proceedings of the case. The petitioner then preferred an appeal to the Revenue Commissioner who also did not refer to the order of Government and dealt with the case *de novo* on its merits, and confirmed the order passed by the Deputy Commissioner.

Hence the present appeal to Government.

Order.

The sale having been cancelled by Government, the Deputy Commissioner should have proceeded to recover the arrears by a fresh sale, if necessary, after taking all the steps required by the provisions of Revenue Law. The Deputy Commissioner and Revenue Commissioner were both wrong in confirming the previous sale which had been set aside by Government.

Their orders are hereby cancelled. As the appellant has lodged the money under protest, no further proceedings should be taken in respect of the field which should be restored to his possession. The Deputy Commissioner should enquire into the allegation of payment to the Inamdar and dispose of the money in deposit in accordance with the result.

Proceedings of the Government of His Highness the Maharaja of Mysore,

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 3 of 1910-11.

Appellant	*Vs.*	Respondents
Gundappa of Athni village, Arkalgud Taluk		1. Subraya, 2. Venkataramanaiya, 3. Ramaswamiengar.

Subject.

Appeal against the order of the Revenue Commissioner declining to cancel the sale for arrears of revenue of Survey No. 27 of Athni village in the Arkalgud Taluk.

Facts of the case.

The appellant Gundappa, his brother Venkataramanaiya and his nephew Subrayappa were the joint khatedars of Survey No. 27 and some other lands in the Athni village, Arkalgud Taluk. For arrears of revenue amounting to Rs. 135-9-10, a demand notice was issued to them on the 11th March 1907 and was served on Venkataramanaiya and Subrayappa. On the plea that Gundappa was absent from the village, the notice was affixed to his residence. The arrears not having been paid, three lands comprised in the khate, *viz.*, Survey Nos. 10-1, 27 and 84, were forfeited and advertised for sale on the 17th September 1907. Before the sale commenced, Gundappa produced his share of kandaya and stated that the balance of Rs. 35-2-7 that was still outstanding should be recovered from the other two khatedars. The arrears not having been recovered in full, the sale was conducted and Survey No. 10-1 was sold for Rs. 8 and No. 27 for Rs. 83. The other land Survey No. 84 was not sold. The records were then submitted to the Amildar on the 16th October 1907. Later on, on 30th October 1907, Gundappa paid up the arrears also in full as directed by the Amildar.

The sale records were then submitted to the Deputy Commissioner on 4th November 1907. In the enquiry held by him it was elicited that Survey No. 10-1 was in the sole enjoyment of Subrayappa and that Survey No. 27 in that of Gundappa and that the balance due to Government after Gundappa's payment was due from Subrayappa. With a view to cancel the sale, the Deputy Commissioner directed that notices should be issued to Venkataramanaiya and Subrayappa and that an interest at 6 per cent per annum on the sale amount should be recovered from them as compensation to Ramaswamiengar, auction purchaser. A notice was accordingly issued and served on them on the 14th July 1908. The demand for interest not having been complied with, the sale was confirmed on the 15th October 1908. Thereupon the Revenue Commissioner also, on appeal preferred by Gundappa, confirmed the sale. The application for review was also rejected.

Hence the appeal.

The case came on for hearing on the 18th April 1911 when the parties, represented by Messrs. D. Venkataramaiya and K. T. Narasimhiengar, were present and heard.

Order.

The appellant had not been served personally with the notice of demand. He had paid what he contended to be his share of the assessment before the sale, and paid also the balance soon after the sale. The Deputy Commissioner apparently believing his statement passed a preliminary order that he would cancel the sale if the other two khatedars paid up a certain sum as interest to the purchaser in auction. They had nothing to lose by default as their fields had not been sold and so failed to pay up and the sale was confirmed. If the appellant had been given an opportunity, he would not have failed to pay up this small sum. Government think that the sale should not have been confirmed.

The Revenue Commissioner's order is therefore reversed and the sale cancelled.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 9 OF 1910-11.

Appellant	*vs.*	Respondent
Maribettanna Javare Gowda, Kyatanahalli village, Seringapatam Taluk		Dyave Gowda, son of Ganga Javare Gowda, residing at Kyatanahalli village, Seringapatam Taluk.

Subject.

Appeal against the order of the Revenue Commissioner in Mysore in appeal case No. 26 of 1909-10, confirming the order passed by the Deputy Commissioner, Mysore District, directing that a pathway be opened in the appellant's portion of Survey No. 284 of the Kyatanahalli village for the respondent to go to his field, Survey No. 289 in the same village.

Facts of the Case.

Survey No. 284 is a long, narrow strip of land, and it is bounded by Survey No. 289 in the north. In the village map, a pathway is shown running throughout the Survey No. 284 from west to east, along its southern edge. This survey number is reported to have been a tank bund. The survey records show that 1 acre and 17 guntas of land out of a total area of 3 acres and 17 guntas has been taken out as phoot kharab on account of the mamul footpath, rocks and mounds On 5th September 1906, one Ganga Javare Gowda, the father of the respondent, complained to the Sub-Division Officer, French Rocks, stating that there was a mamul cart-track in the appellant's land running from south to north, and leading to his paddy field Survey No. 289 and that the appellant had ploughed up this track thereby rendering it impossible for him to cart manure, etc., to his field and requested that the appellant might be directed to keep the cart-track unobstructed.

The Assistant Commissioner after inspecting the land personally found that the pathway claimed by the respondent's father had not been marked in the village map; but, on the ground that many raiyats, including the former owner of the appellant's land, had sworn to the existence of the pathway, he directed that arrangements must be made to have the cart-track kept clear of any obstruction for the respondent to go freely to his field.

Against this order the appellant appealed to the Deputy Commissioner urging that the declaration of a private right of way being a matter for the Civil Courts to adjudicate upon, the Revenue Sub-Division Officer had no jurisdiction to pass the order.

The Deputy Commissioner after remanding the case for taking further evidence and having inspected the locality, observed that owing to the existence of a strong party feeling in the village it was impossible to ascertain the truth from the examination of the witnesses, but as it had been shown that there was no other way to go to the southern portion of the respondent's field, he confirmed the order of the Sub-Division Officer and dismissed the appeal.

The appellant preferred an appeal against this to the Revenue Commissioner who dismissed the appeal on the ground that the evidence made it clear that there was a pathway leading from the footpath marked in the village map right across the petitioner's land to the southern portion of Survey No. 289, and that the Deputy Commissioner after having inspected the spot and on a consideration of local conditions found that it was impossible to pass to the respondent's field in any other way.

Land Revenue, dated 16th May 1911.

Against this order the appellant has preferred the present appeal to Government. The appeal came for hearing on the 18th April 1911, when the appellant was represented by Mr. D. Ragavachar, B.A., B.L., and the respondent was present in person.

Decision.

It is admitted that the pathway in dispute is not shown as reserved in the survey map of the village or other survey records. The dispute is one of which a Revenue Officer cannot take cognisance. The orders passed in this case are therefore set aside.

No. R. 6261-9—L. R. 179-10-4, DATED BANGALORE, 16TH MAY 1911.

Copy of the above is forwarded to (1) the Revenue Commissioner in Mysore with the records received with his letter No. 9137, dated 1st March 1911, and with a request that the decision may be published in the Revenue and Agricultural Gazette, (2) to the Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 7471, dated the 20th January 1911, from the Revenue Commissioner in Mysore, submitting the Comptroller's review on the working of the Treasuries in the State during the year 1909-10:—

"In forwarding herewith Comptroller's letter No. 3725, dated 17th December 1910, reporting on the working of the Treasuries in the State during the year 1909-10, I have the honor to state as follows.—

2. The Comptroller's review and the statements appended to it show that the first lists of payments were not submitted punctually. The average delay in regard to this account was 11 and 16 days in the Bangalore and Tumkur District Treasuries as against 11 and 14 days in the year 1908-09. The Treasuries of Kolar and Tumkur delayed the submission of a larger number of schedules than in the previous year, and those at Kolar, Tumkur and Mysore are responsible for a similar delay in the submission of the vouchers and subsidiary statements that should accompany the cash accounts. The Comptroller observes that in a large number of cases relating, chiefly to potgi payments, vouchers had not been submitted at all, the Treasuries of Bangalore, Kolar, Tumkur and Kadur Districts being largely responsible for this omission. In the case of amounts drawn for disbursement as potgi, a certain amount of the delay may be occasioned generally by the failure of parties to turn up in time and receive the allowances due to them and may retard the submission of the consolidated vouchers, but the omission to submit them for several years as reported by the Comptroller can have no justification.

3. In all other respects, there has been a perceptable improvement. The second lists of payments and cash accounts are said to have been forwarded with little delay. The annual returns are reported to have been submitted fairly well in time except by the Bangalore District Treasury. The objection statements were returned more promptly than in the preceding year and, what is more significant, much fewer omissions and mistakes were noticeable in the transactions as compared with the previous year. The work done during the year under report may therefore be regarded as very satisfactory, and the steady improvement in the Mysore District Treasury deserves special mention. When the District Treasury Manual (now under the consideration of Government) comes into use, a further improvement may be expected. But above all, a sustained effort on the part of the Treasury Officers themselves is necessary for minimizing the defects and irregularities noticed by the Comptroller and for securing the Treasury Department from the severe criticisms that were being passed on its working till recently.

4. In para 51 of the Report on the Administration of the Revenue Department, for the same year, I have furnished as usual, a short account of the work done by Revenue Officers by way of inspection of the District and Taluk Treasuries and there is no need to repeat the same here."

(ENCLOSURE)

Letter No. 3725—7, dated, the 12—17th December 1910, from the Comptroller to the Government of His Highness the Maharaja of Mysore, to the Revenue Commissioner in Mysore:—

"I have the honor to forward herewith my review on the working of the Treasuries in the Province for the year ending 30th June 1910, with the statements usually appended to it, for being submitted to Government with your report.

LISTS OF PAYMENTS AND CASH ACCOUNTS.

Statement A, Column (3); Statement B, Column (3); and Statement C.—As in the previous years, there was delay in the submission of the first list of payments in all the District Treasuries, varying from five days to more than a fortnight. Some effort on the part of the Treasury Officers is needed to prevent this and if these lists are sent in time as in the case of the second lists of payments which is received pretty punctually from most of the Treasuries it will enable me to regularize work in my office. That the number of payments in the first ten days of the month is more than for the remaining period is no reason why there should be greater delay in the despatch of the first list, if the lists are written up day by day as they ought to be. Apparently this work is taken up after the 10th and the close of the month and is not done daily.

Proceedings of the Government of His Highness the Maharaja of Mysore,

It should be possible to reduce, if not avoid, the delay noticeable in Kolar and Tumkur as the District Treasuries with heavier transactions have been able to send the lists of payments much earlier.

The second list of payments and the cash accounts were received without much delay from all the Treasuries, except the Tumkur District Treasury, and it is satisfactory to note that these were received on the due date from the Kadur and Hassan Districts. I am also glad to state that the Mysore District Treasury of which special mention had to be made in this review almost every year, shows steady improvement, as will be seen from the figures given below :—

	Average delay in—		
	1907-08	1908-09	1909-10
1st list of payments	21 days	17 days	9 days
2nd list of payments	15 „	10 „	5 „
Cash account	12 „	6 „	4 „

While dwelling upon this Treasury in my last year's review, I pointed out that the defects noticed therein were due not to the want of a good staff, but to the Treasury having been burdened with work which properly appertained to other offices. I specially referred to the maintenance in both District and Taluk Treasuries of Personal Ledgers for Savings Banks accounts pertaining to transactions in Taluk Treasuries which was quite unnecessary. I have since, with the approval of Government, introduced a change of procedure, to be given effect to from 1st January next, under which the District Treasuries will be relieved of the work of maintaining Personal Ledgers for Taluk Savings Banks accounts and preparing the monthly journals of receipts and withdrawals in respect of these accounts. My instructions are embodied in this office Circular No. 3319-26—A. C. 385, dated 25th November 1910.

Vouchers and Subsidiary Statements [*Statements A & B, columns 4 (a), (b).*]—There is very great delay in the transmission of the subsidiary statements which should accompany the Treasury Cash Accounts, and this causes a good deal of inconvenience to this office. In many cases, the details furnished in the statements are either incomplete or incorrect. The Treasuries should see that all the information required in the statements of amounts credited to "Advances Recoverable" and "Recoveries of Service Payments" is furnished, so that the items outstanding in the objection books of this office may be adjusted at once without further reference to the Treasury.

Another source of inconvenience of which special mention was made in the previous reports is the non-submission of the vouchers complete, with the lists of payments. A statement (G) showing the vouchers which have not been received up to date is appended to this report. It will be seen that it includes vouchers even for the years 1907-08 and 1908-09. Most of these consist of *potgi* bills, and some action on the part of the authorities concerned for avoiding such inordinate delays and for securing the submission of the vouchers with lists of payments is necessary.

Annual Returns (*Statement D*).—These were received fairly well in time from all the Treasuries, except Tumkur, where there was the greatest delay (more than three months). The delay in Bangalore (two months) is also noticeable.

Objection Statements (*Statement E*).—All the Treasuries, except Bangalore and Kadur, have endeavoured to return the objection statements with as little delay as possible, and it is gratifying to note that Mysore, in spite of heavy transactions, has kept pace with the other Treasuries.

Items objected to : Miscellaneous (*Statements A & B, columns 5 to 8*).—The number of omissions and mistakes noticed while checking the Treasury Cash Accounts with its accompaniments and the lists of payments and while auditing the bills, for which the Treasuries are responsible, has, as will be seen from column 7 of statement B, been considerably reduced, and this is certainly creditable to the Treasuries.

Concluding remarks—On the whole, there has been marked improvement in the quality of work done in the District Treasuries in the year under review.

The draft District Treasury Manual for Mysore was submitted to Government in December 1909 and the revision of the Taluk Treasury Manual, which was commenced a few months ago, is nearing completion."

Land Revenue, dated 16th May 1911.

No. R. 6274-83—L. R. 235-10-2, DATED BANGALORE, 16TH MAY 1911.

ORDER THEREON.—Recorded.

There has been some improvement in the quality of the work done in the District Treasuries during the year under review but as observed by the Revenue Commissioner there is scope for much more improvement if Treasury Officers make greater efforts to exercise close supervision over their staff and insist on the rules of procedure and instructions issued from time to time by the Comptroller being carefully adhered to by them. As the District Treasuries have been relieved of the work of maintaining Personal Ledgers for Taluk Savings Bank Accounts and preparing the monthly journals of receipts and withdrawals in respect of these accounts, Government hope that much of the delay in the submission of the lists of payments, etc., and omissions and defects in the accounts, now commented upon by the Comptroller, will be avoided.

Proceedings of the Government of His Highness the Maharaja of Mysore.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 2 of 1910-11.

Appellant	*Vs.*	Respondent
Narasingappa, residing at Turukara Hosahalli, Kankanhalli Taluk.		Anantiah, residing at Harohalli in the same Taluk.

Subject.

Appeal against the order of the Revenue Commissioner in Mysore in Appeal No. 210 of 1908-09, disallowing the claim of the appellant to the shanbhogi of Chikkasadinahalli and five other villages in the Kankanhalli Taluk.

Facts of the Case.

1. Agra.
2. Kurubarahalli.
3. Katharnatha.
4. Dodasadinahalli.
5. Chikkasadinahalli.
6. Chikdevarahalli.
7. Jaksandra.
8. Bannikuppe.
9. Kannavekatte.
10. Byalalu.

The shanbhogi office of the marginally noted ten villages of the Kankanhalli Taluk had been registered in the name of one Venkata Rao, the father of the appellant. The duties were being looked after by three persons, Seenappa, Venkappa and Narasappa, the elder brothers of the appellant. In 1859 the three brothers were dismissed from the office and the "hak" was taken way from the family. One Subrayappa, a stranger, was at first appointed to officiate and was eventually confirmed in 1864. On the death of this Subrayappa in 1882, both the appellant and one Venkatasubbiah, the son of the deceased, claimed the office and Government in their Order No. 6733-280, dated 3rd February 1883, directed that the villages should be equitably divided between the two claimants. In the division, the Appellant got Agara, Doddasadinahalli, Kurubarahalli and Katharnatha, and the remaining villages went to the share of the other claimant.

In 1891 the appellant preferred a regular suit before the Sub-Division Officer of Closepet, but it was dismissed in 1895 as time-barred.

Venkatasubbiah, who thus continued to be the registered shanbhog of Chikkasadinahalli and other villages, was convicted and sentenced to three years' rigorous imprisonment for forgery. On his release on 4th October 1903, he applied for reinstatement in the shanbhogi office, but Mr. Chengiah Chetty observed that he having been convicted of a heinous offence, could not be restored to his office, and ordered that he should be dimissed and a competent man selected for the office from among the members of the convicted person's family.

In pursuance of the Sub-Division Officer's order the respondent Anantiah, son of Venkatasubbaiah's paternal uncle, was recommended by the Amildar to be appointed as a gumasta and this arrangement was sanctioned as a temporary measure by the Sub-Division Officer.

On the ground that this Anantiah did not reside in the firka, Mr. Ananda Rao Sirsi directed his removal on 13th January 1906.

On 26th March 1907 Narsingappa, the appellant before Government, petitioned the Sub-Division Officer, Mr. T. Chokkanna, stating that the shanbhogi office of Chikkasadinahalli and other villages was vacant and that he was the hakdar for the office and requested that he might be appointed shanbhog.

Anantiah also represented that he could not reside in the firka as there was scarcity of water and that he was the cousin of Venkatasubbiah, the dismissed barawarddar, and prayed that the order of his dismissal from the gumastaship might be reconsidered and he be reinstated in office. Mr. Chokkanna however, directed that the shanbhogi of the six villages in dispute be registered in the name of the appellant.

Against this order the respondent preferred an appeal to the Deputy Commissioner, who observed that Narsingappa's claim having become *res judicata* by the decision of the late Mr. B. G. Krishnaiengar in 1895, the Sub-Division Officer should not have reopened the question as to whether the appellant had any "hak" to the

shanbhogi office in dispute, and that the order of removal of Anantiah from the shanbhog-gumastaship for the mere reason that he did not reside in the village was too severe, and accordingly directed that he be restored to his office.

Against this order the appellant preferred an appeal to the Revenue Commissioner who confirmed the order of the Deputy Commissioner and observed that steps should be taken to appoint a permanent shanbhog for the firka in question.

Hence the present appeal. It came for hearing on 18th April 1911, when the appellant was represented by Mr. C. B. Seshagiri Rao and the respondent was heard in person.

Decision.

The order of Government passed in 1883 was acquiesced in by both parties and acted upon. The appellant then lost whatever hereditary right he had in respect of the six villages given to Venkatasubbaiah. Again in the regular suit subsequently filed by him for the shanbhogi of the said villages his claim was dismissed. It is therefore impossible to hold that he has any right to succeed to the office merely because it has fallen vacant after the dismissal of Venkatasubbiah. The appeal is therefore dismissed.

Subject No. 98 of the Proceedings of the Representative Assembly of 1908 regarding the introduction into Mysore of the form of Revenue Money Order prescribed in the Madras Presidency for remitting Kandayam by landholders.

2. Also Subject No. 66 of the Proceedings of the Representative Assembly of 1909.

3. Letter No. 8203, dated the 15th February 1910, from the Revenue Commissioner in Mysore, expressing his opinion in favour of the representation.

4. Correspondence ending with letter No. 2225, dated the 12th April 1911, from the First Assistant to the Honorable the Resident in Mysore, conveying the approval of the Director General of the Post Offices for the extension of the Revenue Money Order system in force in the Madras Presidency to the Post Offices in the Mysore State experimentally for three years with effect from the 1st May 1911.

No. R. 6499-509—L. R. 210-08-13, DATED BANGALORE, 30TH MAY 1911.

ORDER THEREON.—Facilities for payment of kandayam by landholders have been provided in Rule 91 of the Land Revenue Rules. Government, however, consider it desirable to increase still further the facilities for the payment of land revenue, for the benefit of absentee pattadars and others interested in the land by adopting a system of Revenue Money Orders similar to the one in force in the Madras Presidency, where, however, the system which was brought into force some six years ago is still in its experimental stage. The Director General of Post offices has also been pleased to accord his approval for the extension of the system to Mysore.

2. The Government of His Highness the Maharaja are accordingly pleased to direct that the Revenue Money Order system be introduced into the State experimentally for three years with effect from the 1st May 1911 and lay down the following rules for the guidance of local officers in the working of the system.

3. The Revenue Commissioner is requested to cause wide publicity to be given to the scheme, and submit a report on the result of its working at the end of the year 1911-12.

Rules relating to the Revenue Money Orders for the Mysore State for the guidance of local officers.

I. The object of Revenue Money Orders is to enable raiyats paying land revenue to Government, especially absentee pattadars and others interested in the land, to remit the amount due by them to the taluk through the shanbhog of the village in which the land on account of which the amount is payable, is situated.

II. Revenue Money Orders must be used only for the remittance of land revenue, cesses, and any other item which is due on account of land or is ordinarily payable with land revenue and cannot be used for any other purpose whatsoever.

III. Revenue Money Orders may contain pies (fractions of an anna) but not fractions of a pie.

IV. If a raiyat holds or is interested in lands covered by different pattas in the same revenue village, he may remit the land revenue due on all such pattas by a single Revenue Money Order, provided that full particulars of each patta are given in the Money Order.

V. The adoption of this system of payment is optional and no raiyat is compelled to resort to it unless he wishes to do so.

VI. The rules do not confer the right to pay land revenue direct into the Taluk Treasury without the intervention of the village shanbhog on any class of landholders except as subject to the exception already provided by Rule 91 of the Land Revenue Rules.

VII. The Revenue Money Order form which is appended to this order and copies of which will be available in all the Post Offices in the State, consists of three parts, *viz.* :—

(1) The Money Order,
(2) The acknowledgment,
(3) The memorandum of particulars of remittance.

The first part is almost exactly like the corresponding portion of the ordinary inland Money Order Form. The upper portion is intended to be filled up by the Post Office and the lower portion by the remitter.

The second part is the acknowledgment for the Revenue Money Order which will be returned to the remitter through the Post Office duly signed by the village shanbhog. This part will be filled up by the remitter.

The third part provides headings for the entry of particulars of remittance which will also be filled up by the remitter for the information of the village shanbhog and the Amildar.

VIII. Revenue Money Orders will be delivered to the village shanbhog by the Branch Postmaster, Postman or village Postman as the case may be, *without cash.* The shanbhog will see that the amount of each order as entered in the Money Order (1st part) corresponds with that entered in the acknowledgment (2nd part) and in the memorandum of particulars of remittance (3rd part). If there is no discrepancy, he will sign the acknowledgment portion of each Revenue Money Order (2nd part), detach it and make it over to the Post Office official who delivered the Money Order. The shanbhog will then grant a receipt for each Revenue Money Order and the coupon or memorandum of particulars delivered to him in the postman's book or village postman's register, which will be presented by the Post Office official along with the Revenue Money Orders.

IX. If either the acknowledgment or the memorandum of particulars of a Revenue Money Order is not completely filled up by the remitter, or if the remitter has omitted to affix his signature on the memorandum of particulars of remittance (3rd part), the shanbhog will return the Revenue Money Order to the Post Office official and will not grant a receipt in respect of such Revenue Money Order.

X. The shanbhog will then have the amount of each Revenue Money Order (which is in order and for which he has granted a receipt to the Post Office official) passed through his accounts treating the Revenue Money Order in every respect as cash or currency note. But the shanbhog will on no account detain the Post Office official who must be sent away immediately the acknowledgment portion of each Revenue Money Order is detached and given to him.

XI. The memorandum of particulars of remittance (3rd part) of each Revenue Money Order will then be carefully filed in monthly bundles by the shanbhog.

XII. If the amount of a Revenue Money Order falls short of the amount payable to Government by the landholder concerned, the amount must still be credited in the village accounts. If, on the other hand, the amount is in excess of the demand, the excess amount will be credited to surplus collections.

XIII. When the day for making the next remittance arrives, all the Revenue Money Orders taken delivery of by the shanbhog will be sent by him to the Amildar along with other collections duly entered in a list in the form appended to these rules.

XIV. The list will be received back from the Amildar duly signed by him or the Taluk Sheristadar or the Taluk Head Gumasta. The list will be filed by the village shanbhog with the memorandum of particulars of remittance (3rd part) of the Revenue Money Orders entered in it.

XV. The issue of a Revenue Money Order which is ultimately delivered to the shanbhog concerned too late for the Khist day does not exempt the remitter from the penalties prescribed in the Land Revenue Code and the rules framed thereunder.

XVI. Revenue Money Orders taken delivery of by the shanbhog, the amounts of which cannot be credited in the village accounts owing to an irregularity in the remittance or any other cause will be detailed on the reverse of the list and sent to the Amildar with the memorandum of particulars (3rd part) attached to the corres-

ponding money order portion (1st part). The total amount of such Revenue Money Orders will not be included in the amount of remittance made to the Amildar.

XVII. Revenue Money Orders delivered to the village shanbhogs will be received in the Taluk Office invoiced in a list in the form prescribed in Rule XIII *supra*. If the amount of any Revenue Money Order has not been credited in the Revenue Accounts, owing to any irregularity in the remittance, the Revenue Money Order will be treated as "Refused" and sent by the Amildar to the Postmaster or Sub-Postmaster at his headquarters under receipt. All Revenue Money Orders will, if their amounts have been credited in the Revenue Accounts, be signed by the Amildar or in his absence, by the Taluk Sheristadar or the Taluk Head Gumasta, and presented daily at a convenient hour for payment by book-transfer at the Post Office (Head or Sub) at the headquarters of the Amildar whether such Post Office is the office by which the shanbhog's village named in the Money Order is served or not.

XVIII. The Postmaster or Sub-Postmaster at the headquarters of the Amildar will, in exchange for the Revenue Money Orders, give the Amildar a voucher in duplicate representing the value of all the Revenue Money Orders presented to the former by the latter under the usual procedure prescribed for drawings from the Treasuries in the State. The words "Revenue Money Order" will be written in red ink at the top of the voucher. On the reverse of the voucher, the following entry will be made by the Postmaster or Sub-Postmaster under his signature. "Please debit the amount of this voucher to the Post Office by book transfer." The duplicate voucher should be signed and returned immediately. The amount of this voucher will be entered, like other drawings from the Taluk Treasury in the Treasury Pass Book, but in the column headed "Amount drawn by transfer for Revenue or other official money order payments." This entry will be attested by the Taluk Treasury Officer. The amount of Revenue Money Order vouchers will not be charged against the letter of credit of the Postmaster or Sub-Postmaster.

XIX. The amount of the original Revenue Money Order voucher will, on the day it is given by the Post Office, be shown in the Taluk Treasury Accounts on the receipt side as amount received on account of Land Revenue by book transfer and on the disbursement side as amount paid to the Post Office by book transfer.

XX. On receipt of these vouchers in the District Treasury along with the daily cash accounts of the Taluk Treasuries, they should be attached to His Majesty's Treasury Jamakarch account in support of the debit.

Letter No. 10919, dated the 24th April 1911, from the Revenue Commissioner in Mysore, submitting the accompanying copy of the statement showing the losses in cattle for the quarter ending 31st December 1910 with a copy of his review thereon :

"*Subject.*—

Statements showing the losses in cattle of various kinds, received from the Deputy Commissioners of Districts for the quarter ending 31st December 1910.

Recorded.

2. The accompanying statement shows the extent of cattle mortality in the State during the quarter under review, as compared with the corresponding period of the previous year. There was a slight increase in the number of cattle 'killed by wild beasts,' but the number of deaths from all causes, which amounted to 17,697 in 1909, fell to 17,249 or by 448 in 1910. It is noticeable that the number of deaths due to sickness in the Mysore District which was 1,870 during the last three months of 1909, decreased over a thousand or to 853 during the period under review."

Letter No. 364, dated the 3rd April 1911, from the Chief Observer in charge of the Meteorological Department in Mysore forwarding the Report on Rainfall Registration for the year 1910.

No. R. 6218-27—AGRI. 110-10-2, DATED BANGALORE, 12TH MAY 1911.

ORDER THEREON.—Recorded.

2. The inspection of Rain-gauge stations was satisfactory except in the districts of Kadur and Mysore where over 30 per cent of the stations was not inspected. The attention of the Deputy Commissioners of Kadur, Tumkur and Chitaldrug is drawn to the need for certain gauges in their districts being securely fixed on pedestals. These points have been so often reiterated in the past that Government trust there will no longer be a need for such in the future.

3. The average rainfall for the whole State during the year was 45·12 inches as against 42·44 inches during 1909 and 36·95 inches, the average of the past 40 years from 1870-1909 (both inclusive). Both the south-west and the north-east monsoons were above the average, the excess being specially marked in the maidan districts.

I. Government Proceedings No. 11006-14—Agri. 125-08-6, dated 30th June 1909, issuing further instructions regarding the preparation of forecasts of crops.

II. Memo No. 2547, dated the 7th April 1911, from the First Assistant to the Hon'ble the Resident in Mysore, forwarding a copy of the following letter No. 7515-28, dated the 28th November 1907, from the Director-General of Commercial Intelligence, Calcutta, and requesting that the information required by the Director-General may be furnished in all future returns:—

"With a view to increasing the value of the final forecasts of crops it has been proposed that in future these forecasts should state the date on which in the particular year the harvesting of the crop under report had begun. It is believed that they can be furnished without causing extra trouble to District Officers.

2. With the approval of the Government of India, I have the honor, therefore, to request that you will be good enough to arrange that in all future final forecasts of crops the date at which the general harvesting of the crop in question was begun in the year under report should be shown, and it should also be stated whether that date was early, normal or late.

3. In a few cases, as for instance, the late sesamum and cotton crops in Madras and the late cotton crop in Bombay it is probable that the harvesting is not begun till after the date of the final forecast. In such cases the date of first harvesting in one year and the circumstance that the said date was early, normal or late should be recorded at the time but may be reported when the first forecast for the succeeding crop is made."

No. R. 6366-74—AGRI. 117-10-2, DATED BANGALORE, 22ND MAY 1911.

ORDER THEREON.—Communicated to the Revenue Commissioner and Deputy Commissioners of Districts with a request that the particulars asked for by the Director-General may be furnished in the final forecasts of crops in the State in future.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 4280, dated 11th October 1910, from the Revenue Commissioner in Mysore, forwarding for orders the following letter No. 41, dated 8th August 1910, from the Forest Settlement Officer in Mysore, regarding the settlement of the Sambargidadkaval Forest in the Chikballapur Taluk.

"I have the honor to report on the conclusion of the settlement of Sambargidadkaval Forest in the Chikballapur Taluk of the Kolar District.

2. The initial notification under Section 4 of the Forest Regulation proposing to constitute the kaval in question into a State Forest, appeared on page 62, Part I of the *Mysore Gazette* (English) dated the 11th February 1909. The proclamation under Section 5 of the said Regulation was issued by my predecessor Mr. M. Shama Rao and the notices were caused to be served on the villagers concerned by the Amildar of the Chikballapur Taluk.

3. The Forest Department has proposed to constitute the lands of Bechirakh village of Sambargidadkaval which is at a distance of four miles from the Chikballapur Town into a State Forest.

4. The tract in question adjoins the marginally noted villages It was inspected and perambulated by me in company with the District Forest Officer Mr. H. Ramiah and the acting Amildar Mr. K. Narnier on the 9th February 1910. It contains *marade* trees in addition to several kinds of trees fit for fuel, scattered over here and there. The raiyats of these villages were at first not in favor of the formation of the State Forest in their neighbourhood on the ground that it would not only trench upon their rights to graze their cattle in it but also subject them to a good deal of annoyance at the hands of the petty officials of the Forest Department. They had also put in a petition to Government protesting against the proposed reservation. But when I explained to them that the reservation would eventually benefit them, they withdrew their objection subject to certain conditions. Some of the petitioners were examined and their statements recorded by me

1. Chidchikkenhalli.
2. Bannikuppe
3. Ajavara
4. Nagathihalli
5. Rayanguttu Golpadi
6 Thimmanhalli
7 Kanathihalli
8 Thavadanhalli.
9. Bachalalli
10. Nakkahalli.
11 Jodi Inam Dodkadiganhalli
12 Chikkadiganhalli

5. From the C Register accompanying this report it will be seen that sufficient extent of gomal lands has been assigned to them Even granting that the pasture available in the gomal lands as also those included in the village hulbanni takhta is not adequate for the raiyats' cattle, the formation of the State Forest in question can in no way deprive the villagers of their right to graze their cattle therein; but they will have hereafter to pay enhanced rates, considering the fact that after the proposed tract is brought under protection the yield of grass in the locality will considerably increase, so much so that the advantage gained by the raiyats is more than the small increase of grazing fees they will be called upon to pay on every head of cattle admitted into the State Forest for grazing. It is a stock argument of the raiyats as a class that they would be unnecessarily molested by the Forest officials and that they consequently prefer that the Revenue authorities should have control of the levy of grazing fees There is nothing to prevent the raiyats from bringing to the notice of the authorities all cases of unnecessary interference on the part of the Forest Department officials.

6 In all, twenty-three claims were put forward for the following rights.—

(i) Nine claims to right of grazing.

(ii) Two claims to right to the use of water.

(iii) Four claims to right of way and

(iv) Eight claims to rights not falling under any one of the above

Of the nine claims in (i) eight were admitted and one rejected as it related to the State Forest of Sambargidad Plantation constituted into a State Forest some years ago.

All the claims in (ii) were admitted and recorded in the B Register.

Of the four claims in (iii) three were admitted and one rejected as it referred to a State Forest declared as such some years ago but not to the reserve in question.

All the claims in (iv) were admitted. In my perambulation it was brought to my notice that the raiyats of Chikkadiganhalli and Jodi Dodkadiganhalli had put in darkhasts for certain survey numbers in the proposed tract and that the Taluk Amildar rejected these darkhasts pending the settlement of the block. It was ascertained that in the former village the extent of available assessed waste is only 10 acres and that too is not well suited for cultivation. Hence it was found necessary to exclude Survey Nos 6, 7, 8, 9 and

portion of Survey No. 2 measuring in the aggregate 71 acres and 11 guntas as they are close to the cultivated lands of Chikkadiganhalli.

7. The total area proposed for reservation is 1,398 acres and 9 guntas and that settled is 1,307 acres and 27 guntas as detailed below :—

Occupied lands		Assessed waste		Kharab		Gomal		Total	
Acres	Guntas	Acres	Guntas	Acres	Guntas	Acres	Guntas	Acres	Guntas
3	11	102	18	1,201	38	..	...	1,307	27

8. (*Claim No. 21*). Survey No. 15 measuring 3 acres and 11 guntas ordered to be included in the reserve in question is Talvari Service Inam. Talar Tirumaliga who is now in the enjoyment of this Inam, is agreeable for the exchange thereof for an equivalent extent in Survey No. 2 which according to my decision has been excluded from the reserve. The exchange may be accepted and orders issued for the required area in Survey No. 2 being made into a sub-division and given over to the said talari as Service Inam.

9. The Deputy Commissioner has intimated in his docket No. 14, dated 25th July 1910, that no appeals were preferred to him against my decision relating to the above settlement.

10. The following records are herewith submitted:—

1. B Register.
2. C Register.
3. Boundary notification.
4. Sketch map.
5. Topo tracing.

11. The date from which the reservation has to take effect may be inserted in the draft boundary notification.

(2) Letter No. 6917, dated 3rd February 1911, from the Conservator of Forests in Mysore, pointing out certain omissions in the settlement papers.

(3) Letter No. 318, dated 3rd April 1911, from the Forest Settlement Officer in Mysore, resubmitting the papers and explaining the omissions, etc.

1	Channappa, shanbhog of Sambargidadkaval.	9th Feb. 1910	'I enjoy the shanbhogi inamti of S. Nos 11 and 22 of Sambargidadkaval which have been included in the reserve and they may be excluded from the same.'	Borne out by village accounts	May be excluded from the reserve and given out to the holder if the service is in any way necessary to Government	Survey Nos. 11 and 22 are shanbhogi inam lands. The present occupant is not willing to give up his lands. As it is decided to exclude Survey Nos. 6, 7, 8 and 9 and a portion of Survey No. 2 measuring in the aggregate 71 acres 11 guntas with a view to their being given out for cultivation to the raiyats, it is necessary that there should be a shanbhog for the village. I therefore direct that they may be altogether excluded and the boundary line modified accordingly. C Venkata Rao, Forest Settlement Officer. 10th February 1910.	.....	
2	Chellappa, patel of Ajavara, on behalf of the villagers.	Do ..	States that the lands may be formed into a State Forest, provided the following concessions are granted: — (1) That the hullianni fees usually levied by the Forest Department may be considerably reduced	.....	.. ...	(1) In consideration of the fact that for a long series of years these raiyats have been allowed to graze their cattle in the tract in question, I decide that they may be allowed to graze their horned cattle (212) on payment of 2 annas per head and three quarters of an anna on every sheep, (236) during the prescribed period of the year.	.....	
3			(2) That the existing rights of way may be recognized.	.. ...	The existing right of way to village may be allowed to continue.	(2) Cart-track from Ajavara to Golpade is admitted for men, cattle and carts all the year round, width of the track being 10 yards.	.....	
4			(3) That the kunte in Survey No. 12 of the kaval may be excluded for watering the village cattle.	.....	....	(3) The raiyats should be permitted to take their cattle to the katte in Survey No. 12 by means of pathway leading from Ajavara to Kayamgutta Golpade mentioned above.	.....	
5			(4) That the assessed land adjoining the surrounding villages may be given out for cultivation.	.....	May be given out for cultivation.	(4) Survey Nos. 6, 7, 8 and 9 and 27 acres 20 guntas out of Survey No. 2, measuring 71 acres 11 guntas in all, are excluded for cultivation purposes. C. Venkata Rao, Forest Settlement Officer. 10th February 1910.

6	Narasimhegowda, patel, of Chikkadiganhalli on behalf of the villagers.	9th Feb. 1910	The proposed tract may be constituted into a State Forest subject to following conditions :— (1) That the raiyats should be allowed to graze their cattle on Hulbanni rates.	.....	(1) Lump sum fees for each village may be imposed on the number of horned cattle at not less than half the prescribed rates.	(1) In consideration of the fact that for a long series of years these raiyats have been allowed to graze their cattle in the tract in question, I decide that they may be allowed to graze their horned cattle (113) on payment of 2 annas per head and three quarters of an anna on every sheep (120) during the prescribed period of the year.	.....	
7			(2) That the assessed waste lands should be given out for cultivation.		(2) May be given	(2) In my perambulation it was brought to my notice that the raiyats of Chikkadiganhalli and Dodkadiganhalli had put in darkhasts for certain Survey numbers in the proposed tract and that they were rejected pending the settlement of the block. It is ascertained that in the former village the extent of available assessed waste is only 10 acres and that too is not well suited for cultivation. I would therefore exclude Survey Nos. 6, 7, 8 and 9 (43 acres 11 guntas) which are close to the cultivated lands of Chikkadiganhalli. This cannot be done without disfiguring the map unless a portion of Survey No. 2 measuring 27 acres and 20 guntas is excluded from the Reserve. The District Forest Officer is also agreeable to this and I accordingly decide that a portion, *viz.*, 27 acres and 20 guntas, out of Survey No. 2 be excluded and the line altered accordingly.	.....	
8			(3) That the cattle be allowed to water in katte in Survey No. 16.		(3) The way to katte for taking cattle in summer may be allowed provided the katte is repaired so as to contain sufficient water and fenced on either side. (Width being 10 yards.)	(3) As it is too far to take the cattle to katte in Survey No. 16 the villagers are allowed to take them to the katte in Survey No 12 by means of the pathway leading from the common bandhs of Chikkadiganhalli and Dodkadiganhalli to the katte passing through Survey No. 2, width being 10 yards. NOTIFICATION.

No. R. 6167—Ft. 74-10-7, dated Bangalore, 9th May 1911.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that from the 1st June 1911, the area the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof:—

Schedule.

District	Taluk, hobli and village	Approximate area	Name of block
Kolar	Chikballapur, Nandi Hobli, Sambargidad kaval.	2·04 sq. miles.	Sambargidad kaval.

Proceedings of the Government of His Highness the Maharaja of Mysore,

Situation.—The block is situated to the south-east of Chikballapur town at a distance of about four miles from it.

Boundaries.

North.—Starting from the trijunction bandhs of Chidchikkenhalli, Bannikuppe and Sambargidadkaval, the line runs south-east along the southern boundaries of Bannikuppe and Ajavara to the north-west corner of Survey No. 10 of Sambargidadkaval, then south along the west side of Survey Nos. 10 and 11 and south of Survey No. 11 to the south-east corner of the latter number, then north along the east side of Survey Nos. 10 and 11 to the north-east corner of the former survey number, thence north-east through Survey No. 13 for a distance of about 8 chains to a point in the southern boundary of Ajavara about 3 chains from the north-east corner of Survey No. 12 and then along the southern boundary of Ajavara to the trijunction bandhs of Ajavara, Nugatihalli and Sambargidadkaval.

East.—Then south-west along the western boundary of the Sambargidadkaval Plantation and then almost in a straight line to a distance of 35 chains along the western boundary of Golpade and then south-east along the southern boundary of the same village to the trijunction bandhs of Timmanahalli, Kayamgutta Golpade and Sambargidadkaval, thence west and south-west along the western boundary of Timmanahalli village to the trijunction bandhs of Timmanahalli, Kanathihalli and Sambargidadkaval villages.

South.—Then the line runs south-west along the northern boundary of Kanathihalli to the south-east corner of Survey No. 22, thence north-east along the east side of Survey No. 22 to its north-east corner, then north-west along the north side of Survey Nos. 22 and 21 to the north-west corner of the latter survey number; thence it turns northwards and goes along the eastern and northern boundaries of Tavadanhalli to the trijunction bandhs of Tavadanhalli, Bachahalli and Sambargidadkaval, then west along the northern boundary of Bachahalli and northern and western boundaries of Nakkanhalli, to the trijunction bandhs of Nakkanhalli, Jodi Inam Dodkadiganhalli and Sambargidadkaval.

West.—Thence the line runs north-west, north-east, north and north-west along the eastern and northern boundaries of jodi inam Dodkadiganhalli for a distance of about 80 chains and turns north-west and goes through Survey No. 2 of Sambargidadkaval for a distance of about 8 chains to the south-east corner of Survey No. 9, then north along the east side of Survey Nos. 9 and 6 to the north-east corner of the latter survey number; thence west along the north side of Survey Nos. 6 and 7 to the north-west corner of the latter survey number, then south-west along the west side of Survey No. 7 up to south-west corner of the same survey number and thence in a straight line through Survey No. 2 for a distance of about 12 chains, meeting the northern boundary of Dodkadiganhalli at a point about 35 chains east from the trijunction bandhs of Chikkadiganhalli, Dodkadiganhalli and Sambargidadkaval, thence west and north-west along the northern boundary of jodi inam Dodkadiganhalli to the trijunction bandhs of jodi inam Dodkadiganhalli, Chikkadiganhalli and Sambargidadkaval villages, then north-east and north along the eastern boundary of Chikkadiganhalli to the trijunction bandhs of Chikkadiganhalli, Chidchikkanhalli and Sambargidadkaval villages, thence north-west along the eastern boundary of Chidchikkanhalli to the starting point.

A. Remarks.—The following rights of way are allowed within the block:—

(i) Cart-track from Ajavara to Golpade, 10 yards wide and about 68 chains long, open for men, cattle and carts all the year round. It enters the forest in the northern boundary at a point about 48 chains west from the trijunction bandhs of Nugatihalli, Ajavara and Sambargidadkaval, goes south-east through Survey Nos. 13 and 14 and quits the forest in its eastern boundary at a point about 83 chains north-west from the trijunction bandhs of Timmanahalli, Kayamgutta Golpade and Sambargidadkaval.

(ii) Foot-path from Tavadanhalli to Golpade, 30 feet wide and about 51 chains long, open for men and cattle only throughout the year. It enters the forest in its southern boundary at a point about 6 chains east from the trijunction bandhs of Bachahalli, Tavadanhalli and Sambargidadkaval, goes north-east through Survey Nos. 14, 16, 17, 18 19 and again 14 and joins cart-track No. 1 *supra.*

B. The following concessions are admitted within the block:—

Shama Rao, and the same appeared on pages 97 and 98, Part II of the *Mysore Gazette* (Kannada) dated the 20th February 1908. The proclamatory notices were got served on the villagers concerned through the Amildar of the Bagepalli Taluk.

3. The tract in question was inspected and perambulated by me in company with the District Forest Officer, Mr. H. Ramaiya and the acting Amildar, Mr. Kanniah Sastry, from the 14th to the 17th February 1910. It is a scrub jungle and the soil is stony.

4. Statements of the raiyats of the villages concerned were recorded and the following twenty claims were preferred to me :—

(i) Six claims to right of way.
(ii) Seven claims to right of water.
(iii) Seven claims to rights not falling under any one of the above.

All the the claims included in (i), (ii), and (iii) were admitted and recorded in the 'B' Register.

5. Claim No. 10. Survey No. 53 of Devikunte village, measuring 1 acre and 39 guntas, is a thoti inam and the holder, one Thippiga, is willing to part with it if an equivalent extent is given to him in exchange in Survey No. 23 (gomal). According to my decision, this extent in the said gomal survey number has been excluded from the reserve. The exchange may be accepted and orders issued for the required area in Survey No. 23 being made into a separate survey number and given over to the said thoti as service inam.

6. The Deputy Commissioner has intimated in his docket No. 38, dated the 19th September 1910, that no appeals against my decision have been preferred to him.

7. The following records are herewith submitted :—

(1) 'B' Register
(2) 'C' Register.
(3) Sketch map.
(4) Topo sheet and
(5) Boundary notification.

8. The date from which the reservation is to take effect has to be inserted in the draft boundary notification."

(2) Letter No. 6641, dated 26th January 1911, from the Conservator of Forests in Mysore, pointing out certain omissions in the settlement registers.

(3) Letter No. 10662, dated 19th April 1911, from the Revenue Commissioner in Mysore resubmitting the papers with the necessary alterations, etc., made.

(4) Statements 'B' and 'C.'

1	Sheik Hyder Sab, a leading raiyat of Madakavarpalli, on behalf of raiyats.	14th Feb. 1910	States that if the right of way to Makarkunte, also known as Beeraganganakunte, in Survey No. 52 of Madakavarpalli, to which the village cattle go for water, is recognized, the raiyats have no objection to the formation of the forest.	.....	The right may be recognized when water fails elsewhere.	The villagers have no objection to include 703 acres 23 guntas of land within the proposed reserve Hence the proposal of the Forest Department is confirmed. The right of way to Beeraganganakunte situated in Survey No. 52 is admitted for men and cattle only all the year round. Width to be six feet. C. 4	Narayanareddy, patel of Kollampalli, on behalf of villagers.	Do ...	Government intend to include in the forest more than one half of the gomal of this village There is no objection to include the above lands if a right of way to Reddivenkiahkunta is allowed to enable the raiyats to take their cattle when water is available there	.....	The proposal may be confirmed after allowing the right of way to Reddivenkiahkunta.	As the area left for the village after reservation, *i.e.*, 465 acres, is quite adequate for the grazing of 121 head of cattle, the proposal of the Forest Department is confirmed. C. 9	Kothanaanjappa, cultivator of Survey No. 64 of Devikunte.	14th February 1910.	States that right of way to a well in Survey No. 64 should be allowed to a width of 15 yards and that Survey No. 64 be excluded from the reserve.		Survey No. 64 may be treated as an enclosure and a right of way to it be allowed through Survey No. 65 included in the forest or it may be acquired and made free from the vested interest of the occupant.	According to boundary notification under Section 4 of the Forest Regulation, the village site and the adjoining cultivated fields have to be treated as an enclosure within the block. As the proposed line runs not far from the dwelling houses, it will be a source of annoyance to the villagers if the line is confirmed. Besides, it will be objectionable to include the village as an enclosure, and therefore 1,634 acres and 18 guntas are taken to the forest and the rest left to the villagers. Survey No 64 measuring 11 acres and 15 guntas, now in the occupancy of one Subbappa, is also proposed to be reserved. It is ascertained that no less than 20 raiyats have been cultivating this field and that the cattle of Devikunte and Jillampalli villages are taken to a well situated in it in the hot weather as this is the only source of water-supply in the neighbourhood, and therefore I direct that this land (Survey No. 64) be treated as an enclosure with a right of way to a width of five yards leading to it through Survey No. 65 between the limits of Survey Nos 61 and 63 of the same village, all the year round. C. Venkata Rao, Forest Settlement Officer 30th May 1910.		
10	Thippiga, toti of Devikunte and holder of Survey No. 53.	17th Feb. 1910	Represents that he is willing to part with his toti inamti Survey No. 53 (1 acre 39 guntas) if an equal area out of Survey No. 23 (gomal) is given to him, in the locality to be pointed out by him.	.....	This prayer may be granted.	The area of Survey No 53 is 1 acre 39 guntas. It is a toti inamti. The present holder has no objection to its inclusion in the reserve if he is given inam of equivalent extent in Survey No. 23 (gomal) in the locality to be pointed out by him. The exchange will be accepted and the necessary action will be taken as regards the grant of land to him out of the latter survey number (23). The villagers may be allowed to take their cattle to the kuntas when water fails in the katts and tanks outside the limits of the proposed forest.	The claim of the villagers to take their cattle for water in the hot weather to (i) Govinavarakunta and (ii) Javalivarakunta is admitted. A right of way to a width of 5 yards leading to the above kuntas is allowed for men and cattle only during hot weather by means of a foot-path leading from Chenchirayanpalli to Devikunte shown in the village map. C. Venkata Rao, Forest Settlement Officer. 30th May 1910 A camping ground having a radius of 2 chains around each kunta will also be allowed for the use of the cattle. C. 18	Adireddi, patel of Thimmapalli, on behalf of raiyats.	16th Feb. 1910	States that the demarcation line runs close to cultivated fields and the tank and that it should be shifted to a higher point, so that the hill Palkonda as far as it lies within his village limits may be excluded from the proposed reserve.	.....	About 55 acres out of Survey No. 41 may be excluded for the use of the villagers	The proposed demarcation line passes through Survey No. 41 and runs close to Survey No. 42, which is a cultivated field, and the village tank. 19	Kondanaik, patel of Cherlopalli, on behalf of raiyats.	17th Feb 1910	The raiyats pray that a hillock known as Bantalagutta should be excluded from the reserve and left for their use		The prayer of the raiyats cannot be granted as there are ample areas left for their requirements	The proposed line runs close to the cultivated fields and the tank bund The raiyats want that a hillock known as Bantalagutta should be excluded, and their representation appears to be reasonable, as after the reservation is notified they will have very little area of scrub jungle left for their use, besides, as jaggery is prepared in these parts, they require fuel for it The line will therefore be altered so as to exclude 15 acres out of the proposed area in Survey No 88 By this arrangement a portion of Bantalagutta will also be left out C Venkata Rao, Forest Settlement Officer 30th May 1910
20	Kondanaik, patel of Cherlopalli, on behalf of the public	Do	Claims right of way over the foot path leading from Cherlopalli to Devikunte			Right to foot path leading from Cherlopalli to Devikunte is admitted for men and cattle only throughout the year Width to be six feet C Venkata Rao, Forest Settlement Officer 30th May 1910

N B—As there is likely to be some objection in future regarding the right of raiyats to repair the several kattes now included in the reserve, as the Forest Department is not likely to be interested in maintaining them and as their maintenance is very necessary in the interests of cattle owing to the poor rainfall in these tracts, it is hereby ordered that the villagers be entitled to repair the respective kattes when the same fall into disrepair

* Out of Gomal S. No. 47, 203 acres 28 guntas has been taken to Block II in addition to 229 acres out of Gomal S. No 100.

Revenue (Forest), dated 29th May 1911.

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. R. 6476-80—Ft. 85-10-11, dated Bangalore, 29th May 1911.

Order thereon.—Government are pleased to approve of the settlement of the Ittikaldurga Forest Block I as made by the Forest Settlement Officer, and direct the publication of the notification as hereunder in the Gazette, the 1st of July being fixed as the date from which the block will be declared a State Forest.

2. As regards the assignment of a portion of Survey No. 23 of Devikunte village as toti inam in exchange for Survey No. 53 of the same village included in the Forest, the Deputy Commissioner is requested to ascertain the proper extent of land that should be set apart as inam, having regard to the comparative value of the land in the locality, and apply for sanction for its appropriation separately stating the amount, if any, that has to be levied as quit-rent.

3. The assessment on the following lands aggregating Rs. 9 will be written off the accounts:—

	Survey number	Assessment Rs.
Devikunte village	53	2
	54	7
		9

4. The Deputy Commissioner is further requested to duly promulgate the boundaries of the forest in the localities in which it is situated.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Deputy Commissioner, Kolar District, with statements and map.
The Forest Settlement Officer in Mysore.
The Superintendent, Mysore Revenue Survey.

Revenue (Forest), dated 29th May 1911.

NOTIFICATION.

No. R. 6181—*Ft.* 85-10-12, *dated* 29*th May* 1911.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that, from the 1st July 1911, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk	Approximate area	Name of block	Situation and boundaries
Kolar	Bagepalli	8·91 square miles	Ittikalduruga Block I	*Situation.*—It is situated to the north of Bagepalli, the headquarters of the taluk. BOUNDARIES. *North.*—Starting from cairn No. 1 on the boundary of Kondapura of the Bellary District at a distance of 60 chains eastwards from the trijunction of that village, Kolampalli and Kotkote, the line runs north-east along the Bellary frontier boundary to the trijunction of Kolampalli of the Bagepalli Taluk, Kondapura of Bellary District and Tangadigatta of Cuddapah District.

East.—From the last named point, the line runs along the Cuddapah frontier boundary till it meets cairn No. 2 at the junction of the cart-track leading from Devikunte to Tangadigatta with the village boundary, then turns south-west and goes straight through Survey No. 23 of Devikunte village for a distance of about 60 chains to cairn No. 3 at a point about 2 chains from the northern boundary of Survey No. 1 of the same village, then south-west through Survey No. 55 for a distance of about 20 chains to cairn No. 4, at a point about 10 chains from the south-west corner of Survey No. 50, then south-east straight through Survey Nos. 52 and 36 for a distance of about 34 chains to the junction of 2 foot-paths leading to Pichalavarpalli and Chenchirayanpalli at a point about 2 furlongs south, from the south-west corner of Survey No. 48 of Devikunte, then straight through Survey No. 36 for a distance of about 45 chains to cairn No. 5 at a point about 1¼ furlongs south, from the south-west corner of Survey No. 34 of Devikunte, then along the village boundary of Cherlopalli to the common bandhs of Survey No. 23 of Devikunte and 27 of Cherlopalli at the south-east corner of Survey No. 23 of the former village, then south-west through Survey No. 27 for a distance of about 65 chains to the north-west corner of Survey No. 37 (tank) of Cherlopalli, then south straight through Survey No. 38 of the same village for a distance of about 55 chains up to a point about 20 chains north, from the north-west corner of Survey No. 10 of Bhoymarpalli, then in the same direction through Survey No. 14 for a distance of about 20 chains to the north-west corner of Survey No. 10 of Bhoymarpalli, thence along the west side of the same survey number to its south-west corner, then south-west through Survey Nos. 14 and 20 for a distance of about 55 chains to the northernmost corner of Survey No. 13 of Thimmapalli, then along its northern boundary to its north-west corner: thence along the west sides of Survey Nos. 13 and 14 to the south-west corner of the latter survey number, then south through Survey Nos. 15 and 41 of Thimmapalli for a distance of about 40 chains to cairn No. 6.

South.—Thence south-west through Survey No. 41 of Thimmapalli for a distance of about 80 chains to cairn No. 7 near Palakonda.

West.—Then north along the western boundary of Thimmapalli to the trijunction bandhs of Thimmapalli, Marsalpalli and Kannampalli, then in the same direction through Survey No. 48 of Marsalpalli for a distance of about 22 chains to cairn No. 8 at a point about 10 chains south from the south-east corner of Survey No. 13 of the same village, then east through Survey No 48 for a distance of about 15 chains to cairn No. 9, thence north-west through the same survey number in a straight line for a distance of about 55 chains to the trijunction bandhs of Bhoymarpalli, Chenchirayanpalli and Marsalpalli, then again in the same direction through Survey Nos. 37 and 36 of Chenchirayanpalli and 20 of Pichalavarpalli for a distance of about 160 chains to the north-east corner of Survey No. 7 of Pichalavarpalli, thence westwards along the northern boundary of the same village to a point about 20 chains east from the north-west corner of Survey No 7 of Pichalavarpalli, then north-east in a straight

line through Survey No. 65 of Devikunte for a distance of 60 chains to a point 31 chains east from the north-west corner of the said survey number and again in the same direction through Survey No. 52 of Madakvarpalli for a distance of about 60 chains to the south-east corner of Survey No. 36 (tank) of the latter village, thence along the east side of the same survey number to its north-east corner, then north-west through Survey No. 35 of Madakvarpalli and Survey Nos. 5 and 7 of Kolampalli for a distance of about 115 chains to the starting point.

Remarks A.—The following rights of way are admitted within the block:—

(1) Foot-path from Kolampalli to Tangadigatta, 30 feet wide and about 110 chains long, open for men and cattle only all the year round. It enters the forest in the western boundary at a point about 35 chains from cairn No. 1, goes east through Survey No. 7 and quits the forest in the eastern boundary at a point about 17 chains from the trijunction of Kondapura (Bellary District), Tangadigatta (Cuddapah District) and Kolampalli of Bagepalli Taluk, Kolar District.

(2) Foot-path from Madakvarapalli to Devikunte, 6 feet wide and about 140 chains long open for men and cattle only throughout the year. It enters the forest in the western boundary at a point about 20 chains from the south-east corner of Survey No. 36 of Madakvarpalli, goes east and north through Survey No. 52 of the same village, east through Survey No. 55, south-east through Survey Nos. 54 and 53 and again through Survey Nos. 55 and 56 and quits the forest in the eastern boundary at a point about 10 chains from cairn No. 3.

(3) Foot-path from Pichalavarpalli to Devikunte, 6 feet wide and about 125 chains long, open for men and cattle only all the year round. It enters the forest in the western boundary at a point about 25 chains from the north-east corner of Survey No. 7 of Pichalavarpalli, runs east through Survey No. 20 of the same village, north-east through Survey Nos. 52 and 36 of Devikunte and quits the forest in the eastern boundary where it meets the foot-path from Chenchirayanpalli to Devikunte.

(4) Foot-path from Chenchirayanpalli to Devikunte, 6 feet wide and about 135 chains long, open for men and cattle only all the year round. It enters the forest in the western boundary at a point about 40 chains from the north-east corner of Survey No. 35 of Chenchirayanpalli, goes north-east through Survey No. 36 of the same village and 36 of Devikunte and joins foot-path No. 3 *supra*, and leaves the forest at the joining point.

(5) Foot-path from Marsalpalli to Bhoyinarpalli, 6 feet wide and about 120 chains long, open for men and cattle all the year round. It enters the forest in the western boundary at a point about 20 chains from the trijunction bandhs of Chenchirayanpalli, Bhoyinarpalli and Marsalpalli, goes north-east through Survey No. 48 of Marsalpalli and in the same direction through Survey No. 14 of Bhoyinarpalli and quits the forest on the bund of the tank (Survey No. 10 of the same village).

(6) Foot-path from Cherlopalli to Devikunte, 6 feet wide and about 25 chains long, open for men and cattle throughout the year. It enters the forest in the eastern boundary at a point about 25 chains from the north-west corner of Survey No. 37 of the same village, goes north-west through Survey No. 27 and quits the forest at a point about 10 chains from the northernmost corner of Survey No. 38 of Cherlopalli.

(7) Foot-path from Devikunte to Survey No. 64 and a well in it, which has been treated as an enclosure, 15 feet wide and about 40 chains long, open for men and cattle all the year round. It enters the forest in the western boundary at a point about 25 chains from the north-west corner of Survey No. 62 and goes through Survey No. 65 and quits the forest in the western boundary of Survey No. 64 of the same village.

(8) Foot-path branching from Madakvarpalli-Devikunte foot-path in Survey No. 52 of Madakvarpalli. The path is 6 feet wide and about 10 chains long, open for men and cattle only all the year round. It goes south and south-west through Survey No. 52 to Beeragangkunte.

B.—The following concessions are granted within the block:—

(*a*) The raiyats of Kolampalli are permitted to take their cattle to Raddi Venkaiyankunta in Survey No. 7 of the same village for water by means of foot-path No. 1 *supra* throughout the year. A camping ground of 2 chains all round the kunta is allowed for the use of the cattle.

(*b*) Survey Nos. 56 and 64 of Devikunta village are treated as enclosures within the block. Access to Survey No. 56 is allowed by means of foot-path No. 2 *supra* and to Survey No. 64 by foot-path No. 7 *supra* all the year round.

(*c*) The raiyats of Pichalavarpalli are allowed to water their cattle in Jogappankunte in Survey No. 20 of the same village. Right of way is allowed by means of foot-path No. 3 *supra* all the year round.

Revenue (Forest), dated 29th May 1911.

(*d*) The villagers of Chenchirayanpalli are permitted to take their cattle to Javalivarakunta and Govinvarakunta in Survey No. 36 of the same village by means of foot-path No. 4 *supra* during hot weather. A camping ground of 2 chains around each kunta is allowed for the use of cattle.

(*e*) The raiyats of Bhoyinarpalli are allowed to take their cattle to Kanamkunta in Survey No. 14 of the same village by means of foot-path No. 5 *supra* when no water is found in the tanks outside the forest.

N.B.—As there is likely to be some objection in future regarding the right of raiyats to repair the several kattes now included in the reservation, as the Forest Department is not likely to be interested in maintaining them and as their maintenance is very necessary in the interests of cattle owing to the poor rainfall in these tracts, the raiyats are entitled to repair the respective kattes when the same fall into disrepair.

By Order,

C. S. BALASUNDARAM IYER,

Officiating Secretary to Government,
General and Revenue Departments.

line through Survey No. 65 of Devikunte for a distance of 60 chains to a point 31 chains east from the north-west corner of the said survey number and again in the same direction through Survey No. 52 of Madakvarpalli for a distance of about 60 chains to the south-east corner of Survey No. 36 (tank) of the latter village, thence along the east side of the same survey number to its north-east corner, then north-west through Survey No. 35 of Madakvarpalli and Survey Nos. 5 and 7 of Kolampalli for a distance of about 115 chains to the starting point.

Remarks A.—The following rights of way are admitted within the block:—

(1) Foot-path from Kolampalli to Tangadigatta, 30 feet wide and about 110 chains long, open for men and cattle only all the year round. It enters the forest in the western boundary at a point about 35 chains from cairn No. 1, goes east through Survey No. 7 and quits the forest in the eastern boundary at a point about 17 chains from the trijunction of Kondapura (Bellary District), Tangadigatta (Cuddapah District) and Kolampalli of Bagepalli Taluk, Kolar District.

(2) Foot-path from Madakvarapalli to Devikunte, 6 feet wide and about 140 chains long open for men and cattle only throughout the year. It enters the forest in the western boundary at a point about 20 chains from the south-east corner of Survey No. 36 of Madakvarpalli, goes east and north through Survey No. 52 of the same village, east through Survey No. 55, south-east through Survey Nos. 54 and 53 and again through Survey Nos. 55 and 56 and quits the forest in the eastern boundary at a point about 10 chains from cairn No. 3.

(3) Foot-path from Pichalavarpalli to Devikunte, 6 feet wide and about 125 chains long, open for men and cattle only all the year round. It enters the forest in the western boundary at a point about 25 chains from the north-east corner of Survey No. 7 of Pichalavarpalli, runs east through Survey No. 20 of the same village, north-east through Survey Nos. 52 and 36 of Devikunte and quits the forest in the eastern boundary where it meets the foot-path from Chenchirayanpalli to Devikunte.

(4) Foot-path from Chenchirayanpalli to Devikunte, 6 feet wide and about 135 chains long, open for men and cattle only all the year round. It enters the forest in the western boundary at a point about 40 chains from the north-east corner of Survey No. 35 of Chenchirayanpalli, goes north-east through Survey No. 36 of the same village and 36 of Devikunte and joins foot-path No. 3 *supra*, and leaves the forest at the joining point.

(5) Foot-path from Marsalpalli to Bhoyinarpalli, 6 feet wide and about 120 chains long, open for men and cattle all the year round. It enters the forest in the western boundary at a point about 20 chains from the trijunction bandhs of Chenchirayanpalli, Bhoyinarpalli and Marsalpalli, goes north-east through Survey No. 48 of Marsalpalli and in the same direction through Survey No. 14 of Bhoyinarpalli and quits the forest on the bund of the tank (Survey No. 10 of the same village).

(6) Foot-path from Cherlopalli to Devikunte, 6 feet wide and about 25 chains long, open for men and cattle throughout the year. It enters the forest in the eastern boundary at a point about 25 chains from the north-west corner of Survey No. 37 of the same village, goes north-west through Survey No. 27 and quits the forest at a point about 10 chains from the northernmost corner of Survey No. 38 of Cherlopalli.

(7) Foot-path from Devikunte to Survey No. 64 and a well in it, which has been treated as an enclosure, 15 feet wide and about 40 chains long, open for men and cattle all the year round. It enters the forest in the western boundary at a point about 25 chains from the north-west corner of Survey No. 62 and goes through Survey No. 65 and quits the forest in the western boundary of Survey No. 64 of the same village.

(8) Foot-path branching from Madakvarpalli-Devikunte foot-path in Survey No. 52 of Madakvarpalli. The path is 6 feet wide and about 10 chains long, open for men and cattle only all the year round. It goes south and south-west through Survey No. 52 to Beeragangankunte.

B.—The following concessions are granted within the block:—

(*a*) The raiyats of Kolampalli are permitted to take their cattle to Raddi Venkaiyankunta in Survey No. 7 of the same village for water by means of foot-path No. 1 *supra* throughout the year. A camping ground of 2 chains all round the kunta is allowed for the use of the cattle.

(*b*) Survey Nos. 56 and 64 of Devikunta village are treated as enclosures within the block. Access to Survey No. 56 is allowed by means of foot-path No. 2 *supra* and to Survey No. 64 by foot-path No. 7 *supra* all the year round.

(*c*) The raiyats of Pichalavarpalli are allowed to water their cattle in Jogappankunte in Survey No. 20 of the same village. Right of way is allowed by means of foot-path No. 3 *supra* all the year round.

Revenue (Forest), dated 29th May 1911.

(*d*) The villagers of Chenchirayanpalli are permitted to take their cattle to Javalivarakunta and Govinvarakunta in Survey No 36 of the same village by means of foot-path No. 4 *supra* during hot weather. A camping ground of 2 chains around each kunta is allowed for the use of cattle.

(*e*) The raiyats of Bhoymarpalli are allowed to take their cattle to Kanamkunta in Survey No. 14 of the same village by means of foot-path No. 5 *supra* when no water is found in the tanks outside the forest.

N.B—As there is likely to be some objection in future regarding the right of raiyats to repair the several kattes now included in the reservation, as the Forest Department is not likely to be interested in maintaining them and as their maintenance is very necessary in the interests of cattle owing to the poor rainfall in these tracts, the raiyats are entitled to repair the respective kattes when the same fall into disrepair.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (Banking), dated 10th May 1911

READ—

Letter No. 2590, dated 22nd February 1911, from the Secretary, Insurance Committee, submitting the annual Report on the working of the Mysore State Life Insurance Scheme for the year 1909-10.

No. FL. 5581-2—B. 39-10-3, DATED BANGALORE, 10TH MAY 1911.

ORDER THEREON.—Recorded.

2. The report shows that the number of proposals dealt with during the year under review was 2,044 against 2,683 of the previous year, and 1,468 of these were disposed of (eleven of which were cancelled subsequently) resulting in policies aggregating Rs. 5,60,211 bringing in a monthly premium of Rs. 1,926.

3. Forty-six death claims, as against 75 of the previous year, amounting to Rs. 37,086 were discharged during the year, leaving 111 claims aggregating Rs. 82,574-8-0 awaiting disposal pending receipt of application from the heirs of the insured persons. Also, 64 mature policies to the extent of Rs. 42,065-8-0 were discharged and 20 policies assuring a bonus of Rs. 9,036 were surrendered for a value of Rs. 857-13-9.

4. Unfortunately the mortality from plague has again risen, the percentage of death from this cause alone being 24, the previous years' percentages being 14 and 51 respectively.

5. The closing balance at the credit of the fund after meeting the payments to the extent of Rs. 88,186-7-6 is Rs. 20,19,450-9-8, which is satisfactory.

6. The report of the actuary appointed by Government to value the financial position of the fund shows that the financial position of the fund is sound (*vide* Government Proceedings No. Fl. 3042—B. 42-09, dated 7th December 1910).

1. Government Proceedings No. J. 1772-93—Regis. 7-6, dated the 5th January 1905, assigning as an experimental measure certain additional duties to special Sub-Registrars at places other than district headquarters and calling for a report on the working of the measure.

2. Reports received from the Inspectors-General of Registration, Police and Prisons, and from the Deputy Commissioners of Districts on the subject.

3. Letter No. 2318, dated the 30th June 1909, from the Inspector-General of Registration in Mysore, forwarding a copy of the Mysore District Registrar's letter requesting that the Sub-Registrars at Chamrajnagar, T.-Narsipur, Yedatore and Hunsur may be relieved of their Lock-up duties.

4. Government Proceedings No. J. 1380-91—Pris. 30-08-2, dated the 9th November 1910, passing orders in the matter of separate guards for Taluk Lock-ups and the exercise by Sub-Registrars (in their capacity as Lock-up Officers) of disciplinary powers over the policemen deputed for Lock-up duty, etc.

5. Letter No. 864, dated the 14th November 1910, from the Inspector-General of Registration in Mysore, enquiring whether the Order of 9th November 1910, read above, applies to his Department.

No. J. 3179-90—REGIS. 17-06, DATED BANGALORE, 19TH MAY 1911.

ORDER THEREON.—In their Order of the 5th January 1905, read above, Government directed (1) that special Sub-Registrars at places other than district headquarters be placed in charge of Lock-ups which were not already in charge of a Medical officer of and above the rank of a Sub-Assistant Surgeon, (2) that all the special Sub-Registrars be empowered to inspect and report upon the Agricultural Banks and Joint Stock Companies located in their stations, and (3) that they be also appointed as *ex-officio* members of the Municipal and Taluk Boards (without executive functions, however), and called for a report on the working of the above scheme after a year.

2. As regards the employment of Sub-Registrars as Lock-up Officers, the reports received from the Inspector-General of Prisons, the Inspector-General of Registration and all the Deputy Commissioners except Mr. Wetherall, Deputy Commissioner, Hassan District, show that the working of the scheme has been generally satisfactory, though some of them point out certain defects in matters of detail. A former Inspector-General of Police (Mr. F. E. C. Carr) and Mr. Wetherall (Deputy Commissioner of Hassan) were opposed to the experiment on the ground that it tended to create friction between the Sub-Registrar on the one hand and the Taluk Amildar and the Police Inspector on the other in regard to the dieting of Police prisoners, *i.e.*, under-trial prisoners in Police custody. The Inspector-General of Registration has asked that the Sub-Registrars of certain taluks might be relieved of their Lock-up duties; but the request is based on the ground that the Registration work in those taluks is very heavy.

3. Another defect to which reference has been made is said to consist in the circumstance that the Sub-Registrar has no control over the Police guards detailed for duty in the Lock-ups under his charge. This objection applies equally in the case of Medical officers who are in charge of Lock-ups, but no complaints have been received from the latter in this respect. The question was recently considered by Government in consultation with the Inspector-General of Prisons and the Inspector-General of Police, and in their Order No. J. 1380-91—Pris. 30-08-2, dated 9th November 1910, read above, Government have issued certain instructions regarding the procedure to be observed in cases of breaches of discipline by the policemen on duty at the Lock-ups. Government do not consider that any further orders are necessary on this aspect of the subject.

4. As regards the adjustment of the dieting charges of Police prisoners, the practice appears to vary in different districts. The Sub-Registrars or the Lock-up Officers generally keep the permanent advance of the Lock-up and pay the charges incurred on account of dieting every month on bills presented by the Police. In some places, however, the amount is advanced to the Police in a lump sum, which is shown in the contingent bills of the Sub-Registrars, but a detailed account as to how the amount was spent is not submitted either by the Police or the Lock-up Officer. In a few places the Police meet such charges themselves. Government

Judicial and Legislative (Registration), dated 19th May 1911.

observe that it is necessary that there should be a uniform procedure in the matter and request the Comptroller to issue suitable instructions in consultation, if necessary, with the Deputy Commissioners of Districts.

5. But for the two defects referred to above no good grounds have been shown to exist against the continuance of the system. Government are therefore pleased to direct that the existing arrangements continue until further orders. Separate orders will be passed regarding the recommendation of the Inspector-General of Registration that the Sub-Registrars of Chamrajnagar and certain other places may be relieved of their respective Lock-up charges owing to heavy Registration work.

6. In regard to the employment of special Sub-Registrars to inspect Agricultural Banks and Joint Stock Companies in their respective stations, the Inspector-General of Registration considers it too early to pronounce a definite opinion as to the utility of the scheme, but states that the Sub-Registrars are doing this additional duty without prejudice to their legitimate work. No change is therefore called for in this matter.

7. Turning lastly to the question of the continuance of Sub-Registrars on Taluk and Municipal Boards, the reports received from the Deputy Commissioners as to the results of the scheme are observed to be conflicting. While some of them say generally that the scheme has worked satisfactorily in their districts, others are of opinion that the Sub-Registrars have not proved themselves of much use to the Boards as they do not represent any interests and as they cannot offer any professional advice. That the Sub-Registrars cannot be of much use on Taluk Boards is perhaps true, but the case is different as regards Municipal Councils. There the Sub-Registrars may make themselves very useful, as they remain always at headquarters and can materially help the Amildars in supervising the work of the Municipal staff and in other ways. Considering the above facts, and as the opinion in regard to the working of the scheme is divided, Government direct that the scheme be given a further trial for a period of two years and a detailed report furnished at the end of that period as regards the desirability of further continuing the system.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 3596-201, dated the 24th October 1910, from the Inspector-General of Police in Mysore, submitting a Report on the Administration of the Police Department during the year 1909-10.

No. J. 3251-9—POLICE 74-10-2, DATED BANGALORE, 23RD MAY 1911.

ORDER THEREON.—*Crime.*—The total number of offences reported during the year was 14,853 as against 15,863 in 1908-09. The latter figure may to a certain extent be regarded as abnormal owing to the distress that prevailed during that year. As the seasonal conditions in 1909-10 were distinctly better, an appreciable diminution in the total volume of crime, particularly in respect of offences against property, was to be expected. But the figures in the report do not indicate any large falling off, the total number for the year exceeding the figure for 1907-08, which may be taken as a normal year. The number of offences against property, though slightly less than the number in 1908-09, exceeded that for 1907-08.

The number of serious offences against the person showed an increase, the figures for the year under review being 693 as against 617 in 1908-09 and 616 in 1907-08. The total number of murders in the year was 71 as against 67, while no fewer than 2,057 cases of "unnatural" death are shown as due to "other causes" and "accidents." These features of the report have not been adequately explained by the Inspector-General.

Among the reported heinous offences, mention is made of 15 cases of administering stupefying drugs. It is presumed that the crimes were not the work of organised criminal gangs.

The report discloses an increase in the number of cattle thefts during the year. The Inspector-General suggests that measures should be taken to bring the trade in hides and skins under some sort of control as these offences are committed mainly for the sake of the skins of the animals. The question of devising a remedy that would be effective without causing undue inconvenience in other ways is not free from difficulty. The Inspector-General is in the meanwhile requested to impress on Police officers the need for the utmost vigilance in preventing and detecting such occurrences. The co-operation of the Village Police would be very useful in this respect. The District Magistrates should also take steps to see that deterrent punishments are meted out to the offenders in such cases.

Detection.—The percentage of convictions in cognizable cases during the year was 72·3 against 75·7 in the previous year. The percentage of convictions in Sessions showed a slight improvement, being 63·2 against 60·2 in 1908-09.

Recovery of stolen property.—Out of the property of the value of Rs. 1,74,614 reported to have been lost during the year, property to the extent of Rs. 71,731 was recovered by the Police. Government note that there has been a steady increase during the last three years in the percentage of stolen property recovered. There is, however, room for considerable improvement yet.

Preventive action.—The preventive provisions of the Criminal Procedure Code do not seem to have been made use of to a large extent during the year. The number of cases in which action was taken under these provisions was 32 against 56 in 1908-09. The attention of the District Magistrates of the Bangalore, Kolar and Mysore Districts is drawn to the remarks of the Inspector-General in para 19 of the report.

Investigation of heinous cases by superior officers.—Of the 417 heinous cases reported, 146 cases were partly or fully investigated by Superintendents and Assistant Superintendents of Police and 82 cases by Amildars.

The Village Police.—During the year under review the Village Police took action in 82 cases as against 103 in the previous year. The percentage of convictions secured to cases handled by them, namely, 82·9, was, as in the previous year, higher than that secured by the regular Police.

Judicial and Legislative (Police), dated 23rd May 1911.

Discipline.—The Inspector-General reports that there was an improvement in the *morale* of the Police Force during the year but the figures under the heading of punishment (including black marks) show that a larger number of officers and men were dealt with departmentally and judicially than during the preceding year.

The Criminal Investigation Department.—The Criminal Investigation Department, which was sanctioned in 1908-09, commenced work during the year with a staff of 2 Inspectors, 2 Jamadars and 6 constables under the supervision of the Office Assistant to the Inspector-General. Their work consisted mainly in tabulating the reports of Gang Inspectors, collecting and collating information relating to the movements of criminals and in aiding in the investigation of important and obscure cases. The continuance of the Department for a further period of one year has been sanctioned recently.

The Investigation Centre Scheme.—The Investigation Centre Scheme is now in operation all over the State except in the Cities of Bangalore and Mysore. Representations have been made in the Dasara Representative Assembly against the system on the ground that it sometimes leads to delay in the investigation of serious offences and consequently to the destruction of valuable evidence. The Inspector-General is requested to bestow attention on this aspect of the scheme and to embody his views in the next Report on the Administration of the Department.

General.—During the year the Police Force of the State was called upon to undertake arduous duties on three occasions which brought together large concourses of people, *viz.*, the visit of His Excellency the Viceroy to the State during November 1909, the Mastakabhishekam ceremony at Sravanabelagola in March 1910 and the marriage of His Highness the Yuvaraja at Mysore in June 1910. Government are glad to record their appreciation of the way in which the Police discharged their duties on these occasions.

No. 9484-500—ML. 120-10-49, DATED BANGALORE, 18TH MAY 1911.

PART I—CONSTITUTION AND WORKING OF MUNICIPALITIES.

1. ORDER THEREON.—*Number of Municipalities.*—The number of Municipalities remained the same as in the previous year, *viz.*, 88. The town of Maddur with its suburban village of Sivapur in the Mandya Taluk, was notified as a permanent Municipality under Regulation VII of 1906 in September 1909, but as the Municipal Council was not constituted during the year under review, the local affairs were managed as before by the Union Panchayat at the place. Four other local areas, *viz.*, Hole-Narsipur, Mandya, Closepet and Shikarpur, which were non-regulation Municipalities, were declared as Municipalities under the Regulation. The total number of local areas to which the Municipal Regulation of 1906 was applicable was 25 at the end of the year under review. In the case of five more local areas, *viz.*, Yedahalli, Birur, Mulbagal, Chikballapur and Sidlaghatta, preliminary action was taken to bring them under the operation of the Regulation.

2. *Municipal boundaries and area.*—The total area covered by all the Municipalities was about 83 square miles. The figures furnished do not appear to have been verified as directed in para 2 of Government Order No. 8692-708—ML. 69-09-24, dated the 1st April 1910. The total area of all the Municipalities in the Mysore District, except Mysore City, is given as 22¾ square miles while according to the details furnished in Appendix I the area is 32¾ square miles. It is also reported that the exact area of the Hole-Narsipur Municipality with reference to the revised boundaries was being ascertained at the end of the year, and that in Sringeri, the boundaries of the Municipality have not yet been accurately fixed. The Davangere Municipality is stated to have been extended by the acquisition and addition of an extent of 32 acres and 36 guntas; but it is not clear whether any steps have been taken to have the alteration in the boundaries duly notified.

3. *Constitution of Municipalities.*—In 19 of the Municipalities, the Municipal Councils under the Regulation were for the first time constituted, while in the case of the Bangalore and Mysore Cities they were reconstituted. There were on the last day of the year on all the Municipal Boards 968 members, of whom 348 were *ex-officio*, 5 other nominated officials, 514 nominated non-officials and 101 members elected by the people. The figures furnished in Appendix I are incorrect in some cases especially in the case of the Mysore District. In the Malvalli and Mandya

Municipalities 5 and 2 members, respectively, are shown as elected, while no valid elections were held therein during the year under review. The figures furnished against Hunsur, Seringapatam, Melkote, French Rocks, Davangere and Harihar Municipalities are not in accordance with the sanctioned list of members. Again in the Mysore and Bangalore Cities the Senior Vice-President, who is a nominated official, has been shown as an *ex-officio* member. In the Kolar District, the Revenue Assistant Commissioners in charge of taluks are included as members of the non-regulation Municipalities, and are shown as Presidents thereof, while the Deputy Commissioner is the *ex-officio* President. The Deputy Commissioner of the Kolar District is requested to cite the authority for thus including them as members.

4. *Meetings and attendance.*—Seventy-three Boards held not less than the prescribed number of meetings, *viz.*, 12. The deficiency in the number of meetings held by the other Boards was chiefly due to the want of a quorum. The average attendance at each meeting was 2·4 officials and 4·4 non-officials or 6·8 in all out of an average strength of 11 members for each Board. The average attendance at the meetings of seven Municipalities in the Mysore District, has not been furnished and the figures noted against the Bannur, Talkad, Mandya, Melkote and French Rocks Municipalities are either incomplete or erroneous.

5. *Elections.*—Including the Bangalore and Mysore City Municipalities, elections were held in 23 Municipalities with the result that out of 131 Municipal Councillors to be elected 111 were duly elected. In the Chikmagalur and Malvalli Municipalities, the elections did not fulfil the conditions prescribed by the rules and consequently eleven seats were filled up by nominated Municipal Councillors. In each of the Municipalities of the Bangalore City, Kolar, Hunsur, Seringapatam, Chitaldrug and Davangere one Municipal Councillor and in the Gubbi Municipality three Municipal Councillors were not duly elected and consequently these 9 seats were also filled up by nomination. In one case in the Dodballapur Municipality, objection was taken to the validity of the election held and an application made to the Chief Court for setting it aside. The application was pending at the end of the year and has since been rejected. In the case of the Municipalities of Hunsur, Bannur and T.-Narsipur the result of the elections has not been shown in Appendix II of the Mysore District Report. In the case of 18 Municipalities of which the figures are completely furnished in Appendix II and where elections were successfully held, 7,673 persons were entitled to vote, of whom 3,478 or about 45 per cent actually exercised that privilege. At the elections held in the Gubbi, Nanjangud, Seringapatam, Hole-Narsipur and Davangere Municipalities the attendance of the voters was less than 30 per cent, while it exceeded 60 per cent in the case of the Shimoga, Dodballapur and Mysore City Municipalities. In the Chamrajnagar Municipality the whole number of persons entitled to vote, actually voted.

6. *Houses.*—The total number of houses in all the Municipalities was 110,760, of which 59,935 were tiled houses, 32,040 mud-roofed houses, 16,272 thatched houses and the remaining 2,513 terraced houses. The number of vacant lands and sites was 12,853 in the Municipalities of all the districts, except Mysore for which no figures have been furnished. In the report of the Mysore City Municipality, it is stated that there was a net increase of 91 houses during the year on account of the construction of new houses in the Lakshmipuram Extension and other places, while on the contrary the figures furnished in Appendix III show a net decrease of 91 houses. In the Bangalore City the number of terraced houses increased by 372 and the number of tiled houses by 855. The reason for this increase has not been explained but it is perhaps due in large part to the buildings newly constructed in the Malleswaram, Basavangudi and the New Extensions.

7. *Working of Committees.*—In the Bangalore City, the City Improvement Committee is reported to have done good work in connection with removing congestion. A Managing Committee under Section 27 of the Municipal Regulation was also formed during the year under review. Besides these, there existed also the New Extension Committee appointed by Government which did excellent

work in connection with the disposal of sites, and pushing on building operations in the new extension in the Bangalore City. In the Mysore City, three committees are reported to have existed, *viz.*, a Managing Committee, a Health Committee and a Schools Committee. A Managing Committee was formed in the Shimoga Municipality. In the Chikmagalur Municipality two sub-committees were appointed, one for revising the assessment lists and the other for framing bye-laws under the Regulation. In the Hassan Municipality, a sub-committee was formed for the consideration of the question of exemption from octroi of articles imported into the town for private use in small quantities and for the consideration of a set of rules to regulate the conduct of business at Municipal meetings. In the Kolar Municipality also a sub-committee was appointed to consider a set of rules for the conduct of business at the meetings of the Municipality.

8. *Bye-laws, Rules and Regulations.*—For the better collection of Municipal taxes, the assessed * taxes were made payable in all the Regulation Municipalities in advance in two equal instalments in July and January of each year, and in the other Municipalities they were made payable in instalments at the periods and in the proportions fixed for the payment of land revenue. The draft Bye-laws framed by the Bangalore City Municipal Council in regard to the collection of certain taxes which had been returned for revision, were before a sub-committee appointed for the purpose, while the Bye-laws framed for regulating bakeries, sweetmeat shops, native hotels, etc., were under the consideration of Government. In the Mysore City, Bye-laws regarding octroi, collection, water works, conservancy, bakeries and sweetmeat shops were framed by the Municipal Council and submitted to Government for sanction. In the Kolar and Tumkur Municipalities, rules for the conduct of business at the meetings of the Municipal Councils were framed. The Hunsur Municipal Council framed a set of Bye-laws for regulating the collection of octroi and the management of the conservancy staff. Some of the Municipal Councils also framed Bye-laws for the enforcement of compulsory vaccination. The powers specified in sub-section 2 of Section 144 of the Municipal Regulation regarding the prevention of epidemic diseases were conferred on the City Municipal Councils of Bangalore and Mysore; and sub-section (2) of Section 142, which authorizes the seizure and destruction or disposal of adulterated articles of food or drink under the orders of a Magistrate was made applicable to the Bangalore City as regards milk, ghee, butter, sweet or gingelly oil, wheat flour, sugar and aerated waters.

* G. O. No. 6041-54—Ml 477-09-6, dated 20th July 1910.

9. *Variations in imposts and taxes, fees, etc.*—In the Mysore City, a general water-tax at 3 per cent of the rental value of buildings and lands was imposed from 1st April 1910 and in lieu of the rates of fees of Rs. 15 and Rs. 25 for house connections of half inch and one inch pipes, respectively, charges were ordered to be levied according to the quantity of water consumed in excess of a minimum free supply. The levy of octroi duty on jaggory, ghee, sugar and oilseeds in the Sidlaghatta Municipality was temporarily suspended. In the Challakere Municipality the duty on fresh cocoanuts and tobacco was abolished, while on kerosene oil it was newly imposed at the rate of annas two per tin.

10. *Assessment and taxation.*—There was no change in the principle of the assessment of taxes in any of the Municipalities during the year. In the Municipalities newly constituted under the Regulation action should be taken to impose the taxes on buildings and lands in accordance with the provisions of the Municipal Regulation. In the Bangalore City, assessment lists in accordance with Section 63 of the Municipal Regulation are reported to have been newly prepared. These lists should be revised as directed in Section 67 of the Regulation.

11. *Demand, collection and balance.*—The items of revenue which generally require the special attention of the collection staff are the taxes on buildings and lands including lighting and water rates and mohatarfa, the aggregate demand under which, including previous years' arrears, amounted to Rs. 5,25,006. Of this, a sum of Rs. 3,09,839 was collected, while a sum of Rs. 10,832 was remitted thus

Proceedings of the Government of His Highness the Maharaja of Mysore,

leaving Rs. 2,04,335 or 39 per cent of the total demand uncollected at the end of the year. The Municipalities where the arrears under the items above specified were heavy were the following:—

Municipalities	Previous years' demand					Current demand				
	Arrears at the beginning of the year	Remission	Collection	Balance	Percentage of balance to demand	Demand	Remission	Collection	Balance	Percentage of balance to demand

In these Municipalities 26 to 59 per cent of the demand for the year under review was left uncollected and this gross laxity in collection cannot be too severely condemned. It behoves the Presidents concerned to see that vigorous steps are taken for collection as early as possible after the taxes fall due and to make sure that the taxes are collected before the close of the year to which they relate. The collection of previous years' arrears was most unsatisfactory in the Seringapatam Municipality. In the Bangalore City a sum of Rs. 31,268 or about two-thirds of the balance of the previous years is stated to be irrecoverable and in the other Municipalities also, it is feared that a large proportion of the outstanding arrears has become irrecoverable by efflux of time, death or poverty of the parties and other causes. The accumulation of arrears year after year leads to the necessity for the ultimate remission of large amounts, besides affording ample scope for misappropriations and irregularities of various kinds. Government cannot too strongly impress upon the Presidents that the collection of Municipal taxes should receive the same measure of attention and energetic action as the recovery of land revenue. The attention of the Deputy Commissioners is drawn to Government Order No. 5019-29—Ml. 117-08-3, dated the 27th November 1908, for strict attention.

The collections shown in Appendices V and VIII of the Bangalore City Report under the several heads do not agree with each other. The demand for the current year entered in Appendix V is shown as the actual income for the year in Appendix VIII. The figures furnished show that there was no arrear for the year under review under "tax on vehicles and animals" and under "special sanitary cess" in the Bangalore City. Apparently the amount actually collected has been taken as the demand and as the reports of the Municipal Auditors on the monthly audit of the accounts go to show, regular demand registers have not been maintained for these taxes. It is hardly necessary to state that in respect of all taxes to be collected, the actual demand should be carefully and correctly ascertained and proper registers maintained for showing the same and that steps should be taken for the prompt collection of the taxes as they accrue due. The matter requires the early attention of the Municipal Council. In para 16 of the Kadur District Report it is stated that there was an arrear of Rs. 90 under water-tax in the Chikmagalur Municipality, while no such arrear is shown in Appendix V. The discrepancy requires explanation.

12. *Incidence of taxation.*—The incidence of taxation per head of population was Rs. 2-15-5 and Rs. 2-1-8, respectively, in the Bangalore and Mysore Cities. The average incidence of taxation per 100 of urban population was Rs. 135, of which a sum of Rs. 58 was derived from octroi, Rs. 34 from tax on buildings and lands, Rs. 16 from tolls, Rs. 16 from shop-tax and the remaining Rs. 11 from other

sources. Appendix VI showing the incidence of taxation has not been prepared in a uniform manner in all the districts. In the case of the Municipalities of the Shimoga District the incidence has been calculated with reference to the total income, while it has been based on the total demand in the Mysore City, and on the income from Municipal rates and taxes excluding octroi in the case of the Municipalities of the Mysore District. The Deputy Commissioners are requested to see that it is calculated with reference to the total actual income under "A Municipal rates and taxes" which should be entered in column 5 of Appendix VI in future.

Part II—Financial Position.

13. The income and expenditure of all the Municipalities in the State during the year amounted to Rs. 11,36,913 and Rs. 11,31,147, respectively, against Rs. 10,59,091 and Rs. 10,08,080, in the previous year. The expenditure and receipts include an adjustment of Rs. 1,82,047 consequent on the transfer of the head of "Loans from Government" from the Municipal revenue heads to the Public Debt head in the revised heads of account sanctioned in Government Order No. 1114-20—Ml. 433-08-3, dated the 29th July 1909. Excluding this adjustment, the income and expenditure amounted to Rs. 9,54,866 and Rs. 9,49,100 respectively. The more important of the variations are referred to in the following paragraphs. The largest revenue was, as usual, collected in the Bangalore and Mysore City Municipalities while in the other Municipalities excluding adjustment on account of loan, the income ranged from Rs. 35,170 in the Davangere Municipality to Rs. 659 in the Kallurkatte Municipality in the Shimoga District The closing balances in the Arsikere and Mandya Municipalities were less than the prescribed minimum by Rs. 132 and Rs. 180, respectively, while in the Bagepalli and Hunsur Municipalities the debit balances outstanding against them at the beginning of the year were wiped off by a reduction of expenditure.

The following Municipalities had debit balances, as shown against them, at the end of the year:—

	Rs.
1. Mysore City	16,469
2. Kankanhalli	1,365
3. Maddagiri	541
4. Koratagere	285
5. Pavagada	494
6. Gubbi	1,153
7. Chitaldrug	6,408

To afford temporary relief to the Kankanhalli Municipality, the District Board of Bangalore agreed to relieve the Municipality of its quota towards the dispensary charges and to pay the same from the District Funds for a period of two years from 1909-10. The debit balances in the Mysore City and Chitaldrug Municipalities were chiefly due to the large outlay necessary for water-supply. In regard to the Mysore City, orders have been issued in Government Order No. 4623-51—Ml. 421-07-31, dated the 30th November 1910, directing that all water-supply charges incurred in excess of the revenue realized from the general water rate and the fees charged for excess consumption of water in the case of service connections should be debited to State Funds and treated as a grant-in-aid to the Municipality with effect from the year 1910-11. The Deputy Commissioners are requested to see that the finances of the Municipalities, which have not the prescribed balance, are placed in a satisfactory condition.

Part III—Receipts.

A. Municipal rates and taxes.

14. *Octroi.*—The income from octroi during the year was Rs. 2,97,801 or about 30 per cent of the total income during the year. Of this amount Rs. 1,32,946 or 44 per cent was derived from the duty on cloths alone. In the four Municipalities of T.-Narsipur, Talkad, Melkote and Kumsi, octroi was not levied at all, while in 22 other Municipalities the tax was imposed on cloth alone. The supervision exercised over the octroi collection work in the Municipalities of Hunsur, Yedatore, Gundlupet, Nanjangud, Seringapatam, Krishnarajpete and French Rocks, is reported

to have been unsatisfactory. Credits of Rs. 4 in the Chitaldrug Municipality under "other items" below (*a*) articles of food or drink for men or animals and of Rs. 6, Rs. 104 and Re. 1 in the Municipalities of Chitaldrug, Davangere and Hiriyur under "other items" below (*f*) piece-goods, etc., appear in the accounts of both the Deputy Commissioner and the Comptroller, without the names of the articles being specifically mentioned. The details should have been specified. In the Bangalore City five cases involving nine persons were prosecuted for the breach of octroi rules and one was convicted and sentenced to eight days' simple imprisonment as he was not able to pay the fine imposed on him. In the Mysore City, two cases involving two persons were prosecuted for smuggling and one person was convicted and sentenced to pay a fine of Rs. 10. In the Tirthahalli Municipality twenty cases of smuggling were detected and fines amounting to Rs. 36 were levied but the offenders were not prosecuted. A sum of Rs. 106 was realized by the sale of smuggled goods in all the Municipalities together. The Deputy Commissioner of the Bangalore District reports that there was a fall in the revenue from octroi, for want of an adequate staff to supervise the collection and prevent smuggling. Government trust that the Municipalities are alive to the need for properly safeguarding the revenue and that the necessary action will be taken.

15. *Tax on buildings and lands.*—In the City Municipalities of Bangalore and Mysore, the tax on buildings was levied at 5 per cent of the rental value, while in the other Municipalities it was based on the valuation of houses in accordance with the Chief Commissioner's Proceedings No. 3362-73—Ml. 161, dated the 27th September 1879. The income realized was Rs. 1,73,059 against Rs. 1,78,537 in the previous year, the average incidence of revenue per head of urban population being Re. 0-5-5. In the report of the Municipalities in the Hassan District, it is stated that the tax was levied on the rental value of the buildings. The Deputy Commissioner is requested to note that in accordance with Section 59 of the Municipal Regulation and the Chief Commissioner's Proceedings dated the 27th September 1879, the tax is to be levied on the market value of the houses and not on their rental value whether the Municipalities (except City Municipalities) are governed by the Municipal Regulation or otherwise.

16. *Taxes on professions and trades.*—Though the levy of this tax has not been sanctioned in any of the Municipalities in the State, the Comptroller's accounts show the marginally noted credits under this head. The Deputy Commissioners are requested to report the nature of these credits and the authority for their levy.

	Rs.
Bangalore City	142
Mysore City	174
Nanjangud	8
Total ...	324

17. *Tolls and ferries.*—Tolls were levied in the eight Municipalities noted in the margin, the income realized being Rs. 81,281 against Rs. 68,502 in the previous year. The increase was chiefly in the Bangalore City. Credits of Rs. 108, Rs. 11 and Rs. 56 appear for the first time under this head in the Municipalities of Arsikere, Molakalmuru and Jagalur, in the accounts, though the levy of tolls therein has not been sanctioned. These credits should be explained.

1. Mysore City.
2. Bangalore City.
3. Tumkur.
4. Nanjangud.
5. Shimoga.
6. Shikarpur.
7. Davangere.
8. Harihar.

18. *Water-tax.*—A general water-tax at the rate of 3 per cent on the rental value of buildings and at 60 per cent of the building tax on vacant lands (*viz*, 2 annas per 80 square yards) continued to be levied in the Bangalore City, while in the Mysore City a general water-tax at 3 per cent on the rental value was levied from the 1st April 1910 on all buildings and premises and the original rates of Rs. 15 and 25 levied on houses having house-service connections of one-half and one inch pipes, respectively, was abolished, and all houses having house-service connections were made liable to pay for the water consumed in excess of the quantity allowed free under the rules. In the Chitaldrug and Chikmagalur Municipalities a rate of Rs. 6 per house on houses having house-service connections continued to be levied as in previous years. The income realized under this head during the year was Rs. 26,106 in all.

19. *Lighting tax.*—The tax continued to be levied at 1 per cent on the rental value of buildings and at 20 per cent of the building tax on vacant lands (*viz.*, 2 annas per 80 square yards) only in the Bangalore City. It brought in an income of Rs. 6,594 during the year.

20. *Conservancy receipts (including scavenging and latrine rates).*—The income under this head is derived from the levy of the special sanitary cess on private latrines cleansed by Municipal agency under Section 59 (*b*) (vi) of the Municipal Regulation. It continued to be levied only in the Bangalore and Mysore City Municipalities, where the cess realized amounted to Rs. 5,900 and Rs. 137 respectively. The amount realized in the Mysore City is very small and the demand and balance under this head are not shown in Appendix V. The condition of the cess accounts both in the Bangalore and Mysore City Municipalities is unsatisfactory. One of the Sanitary Inspectors in the Bangalore City is stated to have been employed solely to check the cess accounts, a work quite unconnected with the legitimate duties of a Sanitary Inspector. The Mysore City Municipal Council have since resolved to transfer the work of collecting the cess to the charge of the Senior Vice-President (*vide* Government Order No. 7131—Ml. 255-10-4, dated the 25th February 1911). The Bangalore City Municipal Council is requested to consider the advisability of taking similar action in the matter. Credits of Rs. 53, Rs. 27 and Re. 1 under this head appear against the Municipalities of Davangere, Holaikere and Challakere, though no cess is authorized to be levied therein. The Deputy Commissioner is requested to explain this. No general rate for the construction and maintenance of public latrines was levied in any of the Municipalities.

B. Realizations under Special Acts.

21. *Pounds.*—The income from pounds during the year was Rs. 14,263 or Rs. 1,054 less than that obtained during the previous year. Double fines were levied on cattle trespassing in the Municipalities of Sira, Kunigal and Saklespur and under Government Notification No. 10955—Ml. 368-09-6, dated the 14th June 1910, the provision of Section 26 of the Cattle Trespass Regulation, rendering owners of cattle liable for prosecution if they should allow their cattle to stray into fields, was made applicable in the Sira Municipality for six months during the cultivation season. The income from pounds in the Bangalore City decreased from Rs. 291 to Rs. 196. It is observed that for the whole of the Bangalore City containing a total area of about 9·76 square miles, there is only one cattle-pound. The Municipal Council may consider whether this is enough and whether there is no need for more.

22. *Hackney carriages.*—It is only in the Bangalore City Municipality that owners of hackney carriages are required to take out licenses under the Regulation and rules in that behalf. The income realized from the license fees and the fees for drivers' badges, etc., amounted to Rs. 2,035 against Rs. 2,286 in the previous year. The ordinary tax on vehicles and animals under Section 59 (*b*) (ii) of the Municipal Regulation was, as usual, not levied on the hackney carriages licensed under the Hackney Carriage Regulation. The levy of a fee of annas four for painting the license number of each hackney carriage, was ordered to be discontinued as it was unauthorized.

C. Revenue derived from Municipal property and powers apart from taxation.

23. *Conservancy receipts (other than taxes and rates).*—Only a small income of Rs. 298 was derived under this head in the Mysore City. The street sweepings and the night-soil removed by the sweepers and scavengers in the City are reported to have been mostly taken away by raiyats for agricultural purposes free of payment to the Municipality.

24. *License receipts.*—Besides a sum of Rs. 21,163 derived from license fees on liquor shops in the Bangalore and Mysore City Municipalities, a sum of Rs. 4,234 was realized from other licenses during the year. The credits shown under this

head in the Comptroller's accounts and in column 3 of Appendix IX of the reports differ in the following cases:—

Municipalities	Comptroller's figure Rs.	President's figure Rs. a. p.
Bangalore City ...	... 1,655	969 0 0
Mysore City ...	... 2,464	....

Nyamti ...	... ...	1 12 0

During the year, 2,949 applications for licenses to build or repair houses were granted and 431 were refused while 206 applications remained undisposed of at the end of the year. In addition to this 90 applications for firewood depots, 6 for charcoal depots, 23 for kerosene oil depots and tanks, 32 for brick kilns, 4 for pottery kilns, 3 for camphor boiling, one each for a dyer's stall and for fire works, six for mutton stalls and four for beef stalls were granted in the Bangalore City. The information furnished in many of the statements is incomplete.

25. *Revenue from sewage farms.*—The income under this head in the Bangalore City was Rs. 1,425 against Rs. 1,919 in the previous year. The Comptroller's accounts show a credit of Rs. 42 in the Mysore City Municipality under this head though there is no sewage farm there, and the President is requested to explain the circumstances under which the amount was realized.

PART IV—EXPENDITURE.

A. General administration.

26. *Collection.*—The collection staff in the Bangalore City was under the superintendence of a Collector of Municipal taxes while in the Mysore City the staff was placed temporarily under a special Deputy Amildar. Five shekdars were also entertained temporarily to cope with the collection work in the Mysore City, and in the City of Bangalore a temporary establishment at a cost of Rs. 204 was employed from November 1909 to the end of June 1910, to help the shanbhogs in the collection work. A special officer with the status of a Deputy Amildar was appointed for a period of four months to supervise the collection work and scrutinize the Municipal accounts in the Shimoga Municipality. In the other Municipalities, the collection work was done under the supervision of the Vice-Presidents by the village servants on payment of a commission except in a few Municipalities where special establishments were maintained for the purpose. In the following 14 Municipalities the percentage of charges to the receipts was heavy :—

Municipalities	Percentage under House and Mohatarfa taxes Rs.	Octroi Rs.
Mysore City	22·7	...
Hoskote	...	20·7
Channapatna	...	22
Kolar	19	...
Chiknayakanhalli	...	15
Gubbi	...	17
Chamrajnagar	...	16
Bannur	...	43
Seringapatam	27	16
Mandya	21	25
Malvalli	...	15
Shimoga	...	20
Tarikere	...	15
Harihar	...	23

The high percentage of charges in the Mysore City is due to the employment of the special Deputy Amildar. The Presidents of the other Municipalities are requested to see that steps are taken to have the percentage considerably reduced. In the Bangalore and Mysore Cities 20,540 bills were in all issued for the collection o

house and mohatarfa taxes. The number of demand notices issued was 9,536. Claims in respect of 1,405 warrants were adjusted before execution and those in respect of 958 by payment after execution. In thirty cases, the distrained property was sold. The aggregate process fees realized during the year amounted to Rs. 1,858. Appendix XII showing the above statistics has not been prepared with the requisite care and completeness. A nil Appendix XII has been returned by the Deputy Commissioner of the Mysore District, though a sum of Rs. 415 was realised from process fees, and in the case of the Bangalore City no warrants are shown as having remained unexecuted at the end of the year though more than Rs. 40,000 out of recoverable taxes remained uncollected. The Presidents and Deputy Commissioners are requested to see that processes are issued in time and current registers maintained.

B. Public safety.

27. *Lighting.*—The expenditure incurred on lighting during the year was Rs. 63,900, of which a sum of Rs. 25,008 was on account of the contribution for the lighting of the Bangalore and Mysore Cities with electricity. The contract system of lighting the street lamps was introduced into the Mulbagal Municipality during the year. For bad lighting the contractor was fined Rs. 9 in the Tumkur Municipality. No separate account of the fines levied was maintained in the Kolar District. The reports of the other districts contain no information regarding such fines. The number of lamps lighted in the Municipalities in the Mysore District has not been stated.

28. *Rewards for destruction of wild animals, etc.* The rewards paid out of Municipal Funds for the destruction of wild animals dogs, snakes, etc., was Rs. 446. The number of deaths from snake bites and wild animals was 21 during the year against 23 in the previous year.

C. Public health and convenience.

29. *Public Works.*—The outlay incurred on Public Works executed in the Civil Department amounted to Rs. 2,21,822 of which a sum of Rs. 93,173 or 42 per cent was spent on the repair of roads. The largest outlay was, as usual, incurred in the Bangalore and Mysore Cities, being Rs. 84,703 and Rs. 42,006 respectively. In the Bangalore City five blocks of buildings each containing six huts were constructed for the accommodation of the Municipal sweepers at a cost of Rs. 4,977, and a sum of Rs. 13,444 was spent on dismantling the fort wall. The expenditure on road repairs during the year in the Mysore City increased from Rs. 20,121 to Rs. 27,261 chiefly on account of the special repairs executed during the visit of His Excellency the Viceroy and the marriage of His Highness the Yuvaraja. A steam road roller was also purchased during the year by the Mysore City Municipality at a cost of Rs. 6,890. Information regarding the amounts that were allowed to lapse out of the budget allotments and the reasons therefor has not been furnished in some of the reports.

30. *Drains.*—The expenditure incurred on the construction of drains was Rs. 19,579 and on repairs of drains Rs. 10,959. The Surveyor who completed the preparation of a drainage scheme for the Kolar Town was drafted for work in the Bowringpet Municipality. The Sanitary Engineer inspected the Sringeri Town with a view to improve the drainage of the town which has no proper drains on both sides of the streets. The Municipal Council of Chikmagalur is reported to be taking preliminary action under Section 60 of the Municipal Regulation for the levy of certain taxes and tolls to carry out the drainage project of the town. The towns of Davangere and Harihar were surveyed under the direction of the Sanitary Engineer for the preparation of drainage schemes.

31. *Water-supply.*—During the year under review the water-supply of the Bangalore City was improved by the introduction of the Jewell system of filtration. Metres were fixed to private house connections in the Mysore City in all cases where a large consumption was suspected. The water works of the Shimoga Town were almost completed at the end of the year. Scarcity of water was not generally felt during the year except in very few places, namely, Chikballapur, Mulbagal, Mudgere, Chitaldrug, Molakalmuru and Bowringpet. In Bowringpet, the Doddakere tank water has since been temporarily reserved for a period of three years for drinking

purposes. In Chikballapur a large well called Gurappa's well was deepened at a cost of Rs. 1,000. The reservation of the Rangadhamanakere tank water for the water-supply of Chikballapur is under consideration. The sinking of a few more wells at a total cost of Rs. 15,000 to provide for a sufficient water-supply to Mudgere Town is also under consideration. In Chitaldrug, a sum of Rs. 4,744 was spent for clearing a honda and baling water therefrom. The system of distribution of water through an open channel from the tank to the reservoir in the Kolar Town being unsatisfactory, it is reported that the Municipal Council intends taking a loan to improve it by the use of cast-iron pipes. A project prepared for the water-supply of the Channapatna Town was not executed on account of the poor finances of the Municipal Board. Projects for the water-supply of Dodballapur and for the improvement of the water-supply of Closepet by means of an oil-engine are also under consideration. In the Chikballapur and Malur Municipalities six interesting well-boring operations were made, of which four were fairly satisfactory, while in the other two cases the experiments had to be postponed for want of harder tools and deep-well pumps and of facility for quickly emptying the water. In one well in the Chikballapur Town the boring went down to a depth of 117 feet from the ground level and water which was tapped at 100 feet rose to a height of 97 feet in the tube and stood at a depth of 20 feet from the ground level. The expenditure incurred under water-supply was principally upon the following items:—

	Rs.
1. Contribution towards the water-supply of the Bangalore City ...	30,000
2. Electrifying the pumping plant at Belgola	6,242
3. Maintenance of Vanivilas Water Works	22,014
4. Cost of electric power for working the engines of the Mysore City Water Works	43,519
5. Maintenance of Harihar Water Works	3,475

32. *Conservancy and sanitation.*—The expenditure under this head was Rs. 2,07,504, of which a sum of Rs. 1,61,232 was spent on establishments, Rs. 3,262 on watering roads and the remainder Rs. 43,010 on the purchase of dust-bins, hire of carts, etc. In the Bangalore City 5,597 premises were inspected by the Sanitary Inspectors and in 2,000 houses sanitary defects were found. Consequently 1,926 notices were issued to have the defects remedied and in 674 cases the defects were rectified. In 150 cases prosecutions were instituted, the majority (101 cases) of these being for not closing cess pits. In the other Municipalities 117 cases involving 128 persons were instituted for the breach of sanitary rules. Of these, two cases, against 2 persons were withdrawn and 112 cases disposed of with the result that 72 persons were convicted and 51 acquitted. Three cases against three persons remained undisposed of at the end of the year.

33. *Sanitary improvements and defects.*—In the Kolar District a large amount of work is reported to have been done in the removal of prickly-pear, aloes, lantana and other noxious vegetation. The sanitary condition of the Municipalities in the Mysore District is stated to be far from satisfactory and it is reported that the District Sanitary Officer is suggesting measures for improvement. Orders have been recently passed in regard to the measures to be adopted for the destruction of lantana and prikly-pear and the attention of Deputy Commissioners and Presidents is drawn to Government Order No. 3298-322—L. R. 508-09-2, dated the 18th November 1910, for guidance. During the year, a sum of Rs. 19,270 was spent on compensation for properties acquired for Municipal purposes. In the Mysore City, the City Improvement Trust Board have been effecting sanitary improvements, while in the Bangalore City, an Improvement Committee has been advising the Municipal Council in regard to the improvements to be carried out. In this connection the Health Officer of the Bangalore City states in his report that to prevent the high percentage of infantile mortality, it is very desirable to improve the city once for all instead of doing slow patchwork here and there and suggests the raising of a loan of 8 lakhs by the Municipal Council to carry out this proposal as quickly as possible. The suggestion deserves the consideration of the Municipal Council. An extension was laid out in the Chikballapur Town and in it an area of 8 acres was granted to the London Missionary Society Corporation for the

construction of the Wardlaw Thomson Memorial Hospital at an estimated cost of Rs. 42,000.

34. *Local Fund Dispensaries*—During the year, the Branch Local Fund Dispensary at Basavanhalli was abolished as the Chikmagalur Municipal Council was unable to maintain it. The Kankanhalli Municipality whose financial condition was also not satisfactory was relieved by the District Board of Bangalore of its quota of the dispensary charges temporarily for a period of two years from the year 1909-10. There were at the end of the year 64 Local Fund Dispensaries subsidized from the Municipal Funds wherein 648,935 patients were treated. The Female Dispensary at Hassan is stated to have been in charge of an inexperienced Lady Hospital Assistant and the Deputy Commissioner recommends the posting of a Lady Apothecary to its charge. The Senior Surgeon is requested to take action in the matter.

35. *Ayurvedic and Unani Dispensaries.*—At the commencement of the year under review, there were 19 of these institutions and during the year a Vaidyasala was opened at Davangere. The cost incurred on account of Ayurvedic and Unani Dispensaries was Rs. 4,017. These institutions are reported to have been popular and to have done good work. The Unani and Ayurvedic sections of the Indigenous Hospital at Mysore have during the year under review been treated as separate institutions in Appendix XIII. The number of patients treated by all the hakims and vaidyas has not been furnished in all cases in Appendix XIII of the reports.

36. *Other medical institutions subsidized from Municipal Funds.*—The St. Martha's Hospital at Bangalore continued to receive from the Bangalore City Municipality the usual monthly grant-in-aid of Rs. 200. A similar payment of Rs. 200 a year was made by the Hassan Municipality to the Wesleyan Mission Dispensary at Hassan. The number of patients treated in these institutions has not been furnished in Appendix XIII.

37. *Midwives and maternity.*—The Mysore City Municipal Council bore two-thirds of the cost of the Maharani's Hospital, Mysore. In addition to this the Municipal Funds supported in whole or in part 61 midwives. The total cost incurred on this account during the year was Rs. 11,522. In the Maharani's Hospital 11,733 patients were treated and 340 labour cases were attended to. The 61 midwives subsidized from the Municipal Funds attended to 4,165 labour cases during the year. The number of cases attended to by the midwives at Channapatna, Dodballapur, Hassan, Kolar, Chintamani, Mulbagal, Chikballapur, Nagamangala, Sagar, Channagiri and Davangere exceeded 100 and their work was good while that done by the midwives at Krishnarajpete and Belur was not satisfactory, the number of cases attended to by them in each of these places being less than 15, for the whole year. The large number of stillbirths, *viz.*, 84 in the Bangalore City, is reported to be due to the attendance of unqualified midwives at childbirths. To enable the services of the midwives to be more largely made use of by the public, it is reported that signboards were placed at the dispensaries notifying that the services of the midwives could be obtained free and signboards were also placed at the residence of the midwives to clearly indicate them to the public.

38. *Plague, cholera and other charges.*—The total expenditure from Municipal Funds under this head was Rs. 21,513 of which a sum of Rs. 17,584 was spent in the Bangalore City. The State Funds contributed to the Bangalore City Municipal Council a moiety of the charges incurred under this head. In order to facilitate the evacuation of places infected by plague, shed materials were supplied by Government free of charge to the poor and at cost price to others and advances were also made to the officials in the infected localities from the State Funds. The town of Davangere is reported to have suffered from the spread of infection in consequence of the obstinacy of the people in not evacuating it, in spite of repeated advice. The Epidemic Diseases Hospital at Bangalore and the Isolation Hospital at Mysore were under the supervision of the respective Health Officers and in the other Municipalities there were no special hospitals for the treatment of epidemic diseases. In the Bangalore and Hassan Municipalities, respectively, 209,299 and 11,520 rats are reported to have been destroyed. The number of deaths from cholera and plague during the year was 346 and 2,566 respectively. In para 46 of

the Mysore City Municipal report it is stated that the number of persons treated at the Isolation Hospital is shown in Appendix XVI, but the statement gives only the number of deaths in the Hospital which was 183 as against 67 in the previous year.

39. *Vaccination.*—In the Bangalore and Mysore Cities and in Kolar, vaccination continued to be compulsory and it was made compulsory for a period of two years from the 1st January 1910 in the Sringeri Town and from the 1st July 1909 in the following Municipalities :—

District.	Name of Municipality
Bangalore	... Anekal, Magadi, Channapatna, Dodballapur and Nelamangala.
Kolar	... Chintamani, Sidlaghatta, Chikballapur, Goribidnur, Bagepalli and Gudibanda.
Kadur	... Chikmagalur, Kadur, Birur, Tarikere, Koppa and Mudgere.
Shimoga	... Shimoga, Kumsi, Channagiri, Shikarpur, Kallurkatte and Tirthahalli.
Chitaldrug	... Hosdurga, Molakalmuru and Challakere.

Of these, 14 Municipalities framed bye-laws for the proper enforcement of the Vaccination Regulation within their limits and submitted them to Government. The number of persons vaccinated during the year was 11,700. The number of deaths from small-pox was 783 and in the Kolar District it rose from 56 to 221. The Deputy Commissioner calls attention to a drawback in the vaccination work in the Municipal Towns being done by Hospital Assistants and not by vaccinators. He states that it is still necessary to persuade the people to get themselves vaccinated and that the Hospital Assistants being confined to their hospital work are unable to go round in the town especially when there is an outbreak of small-pox as frequently as whole-time vaccinators could for vaccinating the people at their own residences. The attention of the Sanitary Commissioner is invited to the Deputy Commissioner's remarks. During the year 8 Municipal Vaccinators paid from Municipal Funds, continued to be employed, *viz.*, 3 in the Bangalore City, 2 in the Mysore City and one in each of the Municipalities of Kolar, Hassan and Chikmagalur. In the Mysore City 4 temporary vaccinators entertained during the latter part of the year 1908-09 were employed till the end of September 1909.

40. *Veterinary charges.*—All the veterinary dispensaries and hospitals are reported to have done good work during the year. The Municipalities within whose limits these dispensaries were situated contributed a third part of the maintenance charges of these institutions. The amount paid on this account from the Municipal Funds during the year was Rs. 1,320. The Comptroller's accounts show a debit of Rs. 43 under this head against the Nanjangud Municipality, where there was no veterinary dispensary. The Comptroller is requested to explain the nature of the charge and the authority for the debit.

41. *Registration of births and deaths.*—In the Bangalore and Mysore Cities special establishments for the registration of vital statistics were maintained at a cost of Rs. 4,566. In the other Municipalities, this work was done generally by the patel except in Shimoga and Sringeri, where it was done by the Municipal staff. The report of births and deaths was obligatory in the Bangalore City under the bye-laws in force. In the Mysore City, bye-laws were framed for the compulsory report of births and deaths, and they were sanctioned by Government during the year. In the Chikmagalur Town the framing of the necessary bye-laws was under the consideration of the Muncipal Council. The Deputy Commissioners are requested to see that all the other Municipalities governed by the provisions of the Municipal Regulation take early action in the matter of framing the necessary bye-laws for the correct report and registration of vital statistics. The report of births in the Bangalore City is stated to be not satisfactory as the public in general are still ignorant of the bye-laws. The President is requested to have the bye-laws widely published. The total number of births and deaths registered during the year was 10,934 and 15,345 against 12,176, and 12,789, respectively in the previous year. Seven cases were prosecuted for failure to make a report in time, of births and deaths in the Bangalore City. In 4 cases the accused were convicted and fined Rs. 2-4-0. The remaining 3 cases were pending at the close of the year.

Local Fund and Sanitary (Municipal), dated 18th May 1911.

42. *Public gardens and buildings.*—The expenditure incurred under this head was Rs. 4,868. A new park was laid out in the Hosdurga Municipality and the existing parks and gardens at Bangalore, Mysore, Anekal, Kolar, Sidlaghatta, Chikballapur, Hassan, Saklespur, Shimoga, Chitaldrug and Davangere were maintained in a fair condition.

43. *Fairs and festivals.*—The expenditure incurred under this head was Rs. 11,795, of which a sum of Rs. 7,906 was spent in the Mysore City. The principal festivities during the year were in connection with the visit of His Excellency the Viceroy, Lord Minto, and the marriage of His Highness the Yuvaraja of Mysore.

44. *D. Public instruction.*—During the year, the Vani Vilas Girls' School at Hassan was transferred to the charge of the Hassan Municipal Council and a contribution of Rs. 812 a year was sanctioned from the State Funds to help the Municipal Council in the proper maintenance of the school. Grants of Rs. 25 and Rs. 15 were sanctioned from the Municipal Funds to Nanjundaiya's Anglo-Vernacular School in the Bangalore City and the Aryabalika Patasala at Tiptur. The total amount spent on public instruction from the Municipal Funds during the year was Rs. 31,474.

G. PUBLIC DEBT.

45. *Loans.*—The following loans were completely discharged during the year :—

Municipality	Purpose for which loan was taken	Amount of loan
1. Tyamagondlu ...	... Extension of town	... 3,000
2. Chintamani ...	... Water-supply project	... 12,085
3. Kolar ...	... Sanitary improvement	... 5,035
4. Shimoga ...	... Durgigudi extension	... 5,000

To meet the Municipal moiety of the charges on account of the water-supply project of the Shimoga Town, a loan of Rs. 27,000 was sanctioned during the year and the Comptroller's loan accounts show that a sum of Rs. 22,045 was drawn out of this loan before the close of the year. But the adjustment on this account has not been incorporated in the Municipal final accounts submitted. The Comptroller is requested to have the necessary adjustments made in the accounts of the year 1910-11. On account of the unsatisfactory finances of the Chitaldrug Municipality instalments amounting to Rs. 4,500 were in arrears at the end of the year. The total expenditure incurred during the year on account of interest and repayment of principal was Rs. 4,702 and Rs. 20,031 respectively. The total amount of principal outstanding against the Municipalities at the end of the year Rs. 1,97,059 of which Rs. 50,000 sanctioned for the electrification of the pumping plant at Belagola has since been ordered to be written off, *vide* Government Order No. 4623-51—Ml. 421-07-31, dated the 30th November 1910. It is observed that the total outlay incurred on the electrification of the pumping plant was Rs. 54,252 up to the end of the year and that the excess over the amount of Rs. 50,000 sanctioned as a loan has been debited to the funds of the Municipality without being treated as a loan.

PART V—*General.*

46. *Audit of accounts and embezzlements.*—Except in Sringeri and the Municipalities in the Mysore and Chitaldrug Districts, the reports whereof furnish no information in this respect, the Municipal accounts are reported to have been audited by two or more Municipal Councillors or members. The accounts of the Bangalore City were audited by two special auditors under the supervision of an Assistant Comptroller. The audit of the cess accounts was completed and a defalcation of Rs. 1,104 was discovered. The cess clerk was charged for criminal breach of trust and has since been convicted. During the latter part of the year the Comptroller brought to the notice of Government another defalcation by the shanbhog of the Malleswaram Division of the Bangalore City. The offender has since been prosecuted and convicted. For the proper maintenance of the Municipal accounts and the prompt detection of cases of defalcations, the Bangalore City Municipal.

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. 2176-8—Mi. 221-09-15, dated 2nd September 1910.

Council has been asked to report* its views on the separation of the cash and collection branches of the Municipality. The President is requested to expedite the resolution of the Municipal Council in the matter.

47. *General.*—Government are glad to learn that the non-official members generally continued to take a keen interest in the administration of Municipal affairs and that they heartily co-operated with the officials in the discharge of their duties.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Report on Public Instruction in Mysore for 1909-10, received with letter No. 1045—287, dated the 25th October 1910, from the Inspector-General of Education in Mysore.

No. 9230-9—EDN. 48-10-5, DATED BANGALORE, 11TH MAY 1911.

ORDER THEREON.—During the year of report, there was an increase in the number of Public Educational Institutions from 2,367 to 2,416 and an increase also in the number of pupils therein from 113,251 to 113,785. On the other hand, the number of Private Institutions and of pupils fell from 1,943 and 25,757 to 1,876 and 23,944 respectively. Altogether the total number of schools decreased slightly from 4,310 to 4,292 and the attendance from 139,008 to 137,729. The percentage of boys under instruction to the male population of school-going age decreased from 28·48 to 28·06, while the percentage of girls to the female population of school-going age increased from 5·29 to 5·4. The variations, however, are slight and in view of the remarkable rise in the number of schools and scholars that occurred during the previous year, they need not be regarded as indicating any retrogression.

Of the pupils of both sexes, in all the schools of the State, 114,001 were Hindus, 17,900 Mahomedans, 2,401 Native Christians, 501 Europeans and Eurasians and 2,926 Parsees and others. Compared with the population of the respective communities of the school-going age, the percentage of pupils of both sexes was 15 in the case of Hindus, 44·46 in the case of Mahomedans, 55·8 in the case of Native Christians, 78·74 in the case of Europeans and Eurasians and 19·4 in the case of others. The percentage in the case of Europeans and Eurasians is large and in the case of Native Christians and Mahomedans, it is fair. But in the case of Hindus who form the bulk of the population and are composed of communities several of whom are always in a very backward state in matters educational, the percentage is regrettably small.

2. (*a*) The important features of the Educational work of the year requiring notice are, the scheme for religious and moral instruction in schools, the re-organization of the State Colleges to adapt them to the requirements of the new University Regulations, kindergarten and manual instruction in schools, and the medical inspection of schools and scholars.

(*b*) In respect of the success of religious and moral instruction introduced in Government Schools since 1908-09, the Inspector-General has yet formed no definite opinion, and thinks that in view of conflicting opinions, the safest course is to await further developments. The system has not yet been in practice long enough to settle into a definite groove; but in the opinion of Government, the progress has been appreciable, and there is every reason to hope that the proper method of conducting this important branch of education, so as to steer a middle course between the extremes towards which there is a danger of its rushing, will be discovered after the experience of a few more years.

(*c*) Government note with satisfaction that the scheme for kindergarten and manual instruction and that for the medical inspection of the students worked well during the year.

3. The expenditure on Public Instruction increased from Rs. 16,17,320 to Rs. 18,38,091. Of this amount Rs. 11,27,025 or 61·3 per cent was met from State Revenues. The percentage of State expenditure on Education to the total State Revenues was 5·01 against 4·4 in 1908-09.

4. The results of Collegiate Education as tested by the University Examinations were satisfactory in both the First Grade Colleges, the B. A. results of the Maharaja's College of Mysore being specially creditable. There was only one student in the Intermediate class of the Maharani's College (Second Grade), and no pupil appeared at the First Arts Examination of the University.

5. Secondary Education showed improvement during the year. The total number of Secondary Schools in the State was 277, of which 16 were High Schools and 261 Middle Schools. The number of pupils in the Secondary stage increased from 13,634 to 14,294. The percentage of pupils in the Secondary stage to the total number of pupils was 10·37. In the Matriculation Examination of the Madras University, for which 433 candidates were examined, the proportion of passes was only 22·8 per cent, and the year's results were exceptionally bad in Mysore as elsewhere. Even so the said proportion was somewhat higher than for the whole University.

The Government High School at Chamapatna, the London Mission Aided School in Bangalore and the Marimallappa's Aided School in Mysore were distinctly below the average, and call for improvements.

As regards the large number of failures year by year of the candidates for the Matriculation Examination, Government consider that much of it must be ascribed to defects of training especially in the earlier classes: which can be cured by a better sense of responsibility in the teachers, and by better inspections and intelligent guidance on the part of inspecting officers.

6. The number of Public Primary Schools for boys increased from 1,801 to 1,845 and their strength from 63,898 to 64,920. The total number of boys in the Primary stage of all schools was 98,311 against 102,811 in 1908-09.

7. There was a slight fall in the proportion of boys at school in the Primary stage to the total population of school-going age. The abolition of fees in the Primary classes of all Government schools has caused an appreciable increase in the number of pupils, but there is room for much greater advance as all the schools at present in existence are not utilized to their fullest capacity.

8. The number of technical schools increased from 20 to 21 and their strength from 1,198 to 1,230. Of the 21 technical schools 7 were under Government management, 12 were aided by Government and 2 unaided. On the whole the schools worked satisfactorily. There is no doubt, however, that the courses of instruction in these schools could be systematised and improved. A special Committee has been appointed to report upon the subject.

9. Female education continued to be popular. The number of institutions for girls increased from 272 to 283 and the number of girls under instruction from 21,438 to 21,886. The expenditure on girls' schools increased from Rs. 2,20,850 to Rs. 2,33,303. A mere increase in the number of schools is, however, of little use unless the pupils can be induced to attend more regularly and to remain in these institutions for a longer period than is usual at present, so that as many as possible may finish at least the Lower Secondary stage before they discontinue their regular education.

No female candidate passed the Matriculation from the two High Schools for girls. The results of the Lower Secondary Examination were on the whole satisfactory. 12 out of 33 girls sent up passed the English Lower Secondary Examination and 61 out of 108 sent up passed the Vernacular Lower Secondary Examination.

10. The number of schools for Mahomedans increased from 302 to 307 but the number of Mahomedan pupils decreased from 17,987 to 17,900, of whom 13,518 were boys and 4,382 girls. The percentages of Mahomedan boys and girls under instruction to the Mahomedan male and female population of school-going age were 64·7 and 22·9 respectively. This is no doubt satisfactory as far as it goes, but the number of pupils in the higher classes continued to be very small. There were only 8 Mahomedan boys in the College classes and 148 in the High School classes and 8 in the Moulvis' classes.

11. In November 1909 Mr. H. J. Bhabha, M.A. retired from service and Mr. J. Weir, M.A., succeeded him as Inspector-General of Education.

12. The work done by the Inspecting Officers of Schools was, on the whole, fair so far as quantity was concerned, except in some cases, notably that of the Inspector, Bangalore Circle. But improvement is needed in the method of inspection particularly in the way of correcting defects and affording intelligent guidance to the teachers of rural schools.

Local Fund and Sanitary (Education), dated 11th May 1911.

13. Government note with pleasure that the Village School Committees did much useful work in improving the schools within their jurisdiction.

14. The number of visits paid by Revenue officers to village schools decreased from 625 to 523. Government would draw the attention of these officers to the remarks of the Inspector-General in para 26 of his report and impress on them the importance of the encouragement they would impart to the spread of education in villages by frequent visists to schools.

15. In conclusion, Government wish to convey their thanks to the Inspector-General and the other officers of the Department for the manner in which it was administered during the year under review.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Education), dated 11th May 1911.

READ—

The following letter No. 7984—627, dated the 18th March 1911, from the Inspector-General of Education in Mysore:—

"I have the honor to inform you that it has been proposed to open an Upper Secondary Vernacular Course of two years and an Upper Secondary Training Class of one year in the Maharani's College, Mysore. The girls who have passed the Vernacular Lower Secondary Examination have already three courses open to them, *viz.*, the Lower Secondary Training Class, the Pandita Course of three years, and the English classes, and the numbers attending these classes are all small. To open an Upper Secondary Course of three years would involve an addition to the staff and make demands upon the accommodation of the College which would be difficult to meet. It is scarcely likely that such a course would attract a fresh supply of pupils, it is more probable that the girls who attended would be drawn away from the other classes which are already very small. Under the circumstances I do not think it advisable to open a full Upper Secondary Course.

2. At the same time it is very desirable to try and attract into the teaching profession female students from the Maharani's College with higher qualifications than the Vernacular Lower Secondary certificate. I therefore recommend that an Upper Secondary Training Class should be started in the College to which pupils should be admitted who have been reading in the College for not less than three years after passing the Vernacular Lower Secondary Examination. At present there are some pupils who after reading English for some time have not made sufficient progress to warrant hopes of their ultimately reaching the Matriculation standard. Such pupils naturally object to going to the Lower Secondary Training Class, as their attainments are much higher than those of girls who have just passed the Lower Secondary Examination, but it is believed that some of them would be willing to join an Upper Secondary Training Class. The rules for admission to the Examination for the Upper Secondary Teacher's Certificate could easily be modified to allow of the admission of candidates from this class.

3. At present there is a vacancy on the establishment of the College owing to the transfer of Vengadamma to the Arya Balikapathasala, Bangalore. As there was only one Intermediate Arts Class in the College Department at the time, it was not necessary to fill up the vacancy and so long as there is only one Intermediate Class this provision of Rs. 50 will be available for a teacher for the Upper Secondary Training Class. I request that Government will be pleased to sanction the opening of the class after the summer holidays."

No. 9260-1—EDN. 327-10-2, DATED BANGALORE, 11TH MAY 1911.

ORDER THEREON.—The proposal to open an Upper Secondary Training Class in the Maharani's College is tentatively sanctioned. The Inspector-General of Education is requested to provide for the teaching of this class by rearranging work among the present staff of the College without making any additional appointment or incurring any extra expenditure and to report progress after six months.

Letter No. 8856—687, dated the 11th April 1911, from the Inspector-General of Education in Mysore, recommending with reference to the Chief Engineer's suggestion that half the number of the State Engineering scholarships granted every year may be made tenable in the College of Science, Poona, that one of the three Engineering scholarships granted every year may be made tenable in that college.

No. 9818-20—EDN. 264-10-6, DATED BANGALORE, 27TH MAY 1911.

ORDER THEREON.—Under the present rules the State Engineering scholarships are tenable only in the Madras Engineering College. Government direct that from next year these scholarships be made tenable in the College of Science, Poona, as well as in the Madras Engineering College. Candidates for these scholarships should be graduates in arts who have passed with Mathematics or Physics as their optional subject.

Proceedings of the Government of His Highness the Maharaja of Mysore.

No. G. 6729-76—G. M. 278-10-1, DATED 19TH MAY 1911.

ORDER.—HIS HIGHNESS THE MAHARAJA has had under his consideration for some time the desirability of associating men of enlightenment within the State, public-spirited citizens, prominent agriculturists, merchants, etc., with the officers of Government in deliberations connected with economic progress in Mysore.

2. The Representative Assembly goes a certain way in this direction, but it is obvious that a large body meeting and deliberating only once a year can do but little. Public interest in the numerous questions of the kind under consideration, which claim attention, can only be kept alive by a constant interchange of views and discussions among those competent to deal with them. In His Highness' opinion, what is needed is a series of Conferences to stimulate the capacity for effort among the people and to suggest the adoption of practical measures by Government, where Government can render assistance.

3. It is therefore proposed that advantage should be taken of the occasion of the festivities connected with the Birthday of His Highness the Maharaja in June every year, when the Heads of Departments and Deputy Commissioners of Districts assemble in Mysore, for holding an annual Conference to discuss the more important questions that affect the material prosperity of the State. It will be the duty of the Conference to work up, progressively, the various questions which they deal with, till they are ripe for practical action. There are many questions on which the public themselves have to take action or in which their co-operation is needed. The functions of the Conference will not overlap those of the Representative Assembly. The members of the Legislative Council, two of whom are nominated on the recommendation of the Assembly, will be members of the Conference.

4. The following officers and gentlemen will constitute the Conference :—

President—The Dewan of Mysore.

Vice-Presidents—The Members of Council.

Members—

(1) Selected Heads of Departments.
(2) Members of the Legislative Council.
(3) Selected retired officers of Government.
(4) Deputy Commissioners.
(5) Leading private gentlemen selected from the classes named in para 1 *supra*, not less than six nor more than eight in number.

The selection of members under (1), (3) and (5) will be by the Government and the names of the members selected will be published in the official Gazette. Persons thus nominated will be members of the Conference for a period of three years from the date of nomination, and at the expiry of such period will be eligible to be again nominated. Members of the Legislative Council will be members of the Conference as long as they continue to be on the Legislative Council.

5. The Conference will meet ordinarily in June every year, but for the consideration of any important questions, meetings may be convened at other times of the year by a special order of His Highness the Maharaja. The time and place of the meetings of the Conference will be notified to the members beforehand.

6. A list of subjects which may be dealt with by the Conference is appended to this Order. Any additions which may suggest themselves may also be made to this list from time to time by the Conference. It should be clearly understood that the Conference shall not discuss any questions which concern the prerogative of His Highness the Maharaja, the constitution of the State, its relations with the Government of India or the policy of the Supreme Government.

7. The Deputy Commissioners of Districts, who are members of the Conference, should consult the leading men of their districts in regard to the subjects suggested for discussion and come to the Conference posted with the views of such men, so that they may be able to represent public opinion as well as their own.

8. For the present the proceedings of the Conference will not be open to the public and the discussions should be treated as confidential. Such recommendations as have the support of two-thirds of the Conference may be submitted in the form of resolutions for the consideration of Government. Government may take such action as it deems fit on these resolutions.

9. From the list of subjects, the Conference will select questions which may usefully be taken up for study and discussion, and appoint Committees composed of official and non-official members to carry on its work in the following year. Sub-Committees composed of officials, members of the Representative Assembly, and non-officials may also be appointed by the Conference—one in each district—under the supervision of the Deputy Commissioners. These Sub-Committees will develop work in the districts under the guidance of the Central Committees.

10. To begin with, an officer of Government will be appointed as Secretary to the Conference and will also act as Secretary to each Committee appointed by the Conference. With him there may be associated an Honorary Secretary selected from among the non-official members.

11. The Committees and Sub-Committees should meet once a month and oftener, if necessary. On every question considered by the Committees, correct information should first be collected in regard to its importance to the Province and a note or monograph prepared embodying the same. The next step will be to compare conditions in Mysore with those in other countries or localities. The Committee may issue their monographs to the public and the press in order to stimulate public discussion. The cost of printing the monographs will be borne by Government. The Committees may consult any expert opinion both within and outside the State. It will be their duty to collect information of value from every quarter and make it available both to the Government and the public in an easily assimilable form. Ordinarily the Committees will report their opinions and recommendations to the Conference once a year, before the end of March, so as to be available to the Conference during the next Session.

12. The first Session of the Conference will commence on Thursday the 8th June 1911 and may be continued on two succeeding days. It is suggested that, in the first year, three Committees may be appointed by the Conference, and the subjects selected distributed among them. The Conference may also suggest any modifications that may be considered necessary in the rules above laid down, to ensure the smooth working of the scheme and to increase its usefulness, and also adopt such subsidiary rules as may be required.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 13th May 1911.

READ—

Letter No. 39, dated the 18th February 1911, from the Muzrai Superintendent and *ex-officio* President of the Ayurvedic College Committee :—

"I have the honor to forward herewith extracts from the resolutions of the Committee for the management of the Ayurvedic College passed at their meetings held on the 29th October 1910 and 10th February 1911 in the matter of bifurcating the final examination into two halves, one to be held at the end of the first two years and the other at the end of second two years and about selecting examiners and framing rules for the conduct of such examinations, and to solicit the early sanction of Government to the proposals contained therein in view of the fact that the written examination is to come off on 20th March next."

Extract from the proceedings of the Committee of the management of the Ayurvedic College held on the 29th October 1910.

Resolved—

(1) That the examination be bifurcated as proposed;

(2) any candidate failing in the first examination may continue the higher course but must pass both before getting the diploma;

(3) that the examiners be outsiders and not the College teachers.

Extract from the proceedings of the Committee of the management of the Ayurvedic College held on the 10th February 1911.

Resolved—

4. (1) That the first half of the examination be this year held on the 20th March and 3rd April, the written on the former date and *vivâ voce* on the latter;

(2) that a practical examination be also held—the one in the Western system being held with the *vivâ voce* examination and the one in the Eastern system to be held later on, *i.e.*, in July next, as the pupils have not received much practical training till now;

(3) that the first half of the examination be confined to the subjects specified below, which have been taught in the first two years and the maximum number of marks assigned below be for the written *vivâ voce* and practical examinations :—

(*a*)	Ashtangahridaya Sutrastana	100 marks.
(*b*)	Dhanvantri Nighantu	75 „
(*c*)	Madhava Nidhana	100 „
(*d*)	Susruta Sarirastana	75 „
(*e*)	Nadivigyana	
(*f*)	Anatomy	125 „
(*g*)	Physiology	125 „

(4) that the minimum for passing be 33⅓ per cent in each paper and 50 per cent on the whole;

(5) that Pandit D. Gopalacharlu of Madras be requested to examine the pupils in Dhanvantri Nighantu and Madhava Nidhana and be given an honorarium of Rs. 100 inclusive of all expenses;

that M. R. Ry. Venkatasubba Pandit of the Venkatrama Dispensary, Mylapore, be requested to examine the pupils in Ashtangahridaya Sutrastana, Susruta Sarirastana and Nadivigyana and be given an honorarium of Rs. 100 inclusive of all expenses;

that Mr. E. S. Krishnaswami Iyer, District Medical Officer, Mysore, be requested to examine the pupils in Anatomy and Physiology;

that Mr. A. Anniah Pandit be requested to examine the pupils practically in the Eastern system of medicine.

No. 2906-7—MUZ. 413-10-2, DATED BANGALORE, 13TH MAY 1911.

ORDER THEREON.—Government are pleased to approve of the recommendations made by the Committee.

2. They are further pleased to sanction, as a special case, the Committee's proposal to utilize a sum of Rs. 200 from out of the savings of the allotment under "Scholarship to pupils" towards the honoraria payable to Pandits D. Gopalachar and Venkatasubbier.

17	Fl 5810—30-10 ...	25	Comptroller ...	Sanctioning the retention with the approval of the Government of India of the services of Mr. J. S. Chakravarti, M.A., F.R.A.S., as Comptroller and *ex-officio* Financial Secretary to Mysore Government for a further period of three years with effect from 2nd July 1911 on a gross salary calculated to leave him a net pay of Rs. 1,600 a month for the first year, Rs. 1,650 for the second year and Rs. 1,700 for the third year.
18	Fl 5813—215-10 ...	25	Do ...	In the matter of the reclassification of the several heads suggested by the Comptroller *re* the distribution and control of the budget grant for the entertainment of guests provided under "15 General Administration," observing that the Comptroller's proposals are too elaborate, that a fair trial should be given to the simple reclassification sanctioned in Government Order of the 3rd January 1911 and that there is however apparently nothing to prevent the actual bills upon audit being classified and posted in the Comptroller's office under the proposed heads, an abstract of the posting sheet being sent to Government.
19	Fl 5814—45-10 ...	25	Do ...	Forwarding for needful action copy of letter No. 46 dated 10th May 1911 from the Officer in charge of Palace Establishments stating that a sum of Rs. 1,233 and odd was paid from Palace Funds on account of His Highness the Yuvaraja of Mysore and the children of the late 2nd Maharaja Kumari and requesting the adjustment of the same from the Personal Estate Accounts.
20	Fl 5815—442-10-2 ...	25	Do ...	With reference to his suggestion that it would materially strengthen the hands of the Retrenchment Committee and facilitate its work, if Government are pleased to indicate the amount of expenditure under ordinary civil administration that should be reduced, observing that Government have no desire to fix a hard and fast limit up to which the Committee have to work, that the directions contained in para 3 of Government Order dated 4th April 1911 give an idea of what the Committee is expected to do, the Quinquennial Review of the Comptroller being at the same time a material aid in that behalf, and sanctioning the proposal of the Comptroller to appoint Mr. B. Srinivasiengar as Assistant Secretary of the Committee in addition to his own duties as Assistant Comptroller without any claim to additional allowances, etc.

4	Fl 5437—S & A 30-10-170	3	Comptroller	Sanctioning a bill for Rs 5-5-4 on account of arrears of pay claimed on behalf of Lingappiah, late 2nd clerk, Chikmagalur Sub-Registry Office, from the 1st to 16th April 1906.
5	Fl 5440-1—S & A 545-10-2	3	Comptr, Offg Secy, to Govt, G. R. S (Mily.)	Sanctioning a pension of Rs. 4-8-0 to Mohadin Khan, late 1st grade Sepoy, 5th Company, 1st Regiment, Mysore Infantry.
6	Fl 5442—S & A 30-10-166	3	Comptroller ...	Sanctioning a bill for Rs 102-2-2 on account of arrears of pay claimed on behalf of Abdul Razak, acting Excise Sub-Inspector, Tirthahalli Range, from December 1906 to 8th October 1907.
7	Fl 5443-4—S & A 543 10 2	3	Comptr and Sr. Surgn	Sanctioning a gratuity of Rs. 85 to Anthony, late care-taker, Sanderson's Memorial Ward, Chikmagalur.
8	Fl 5446—S & A 28-10	3	Comptr and I. G. of Edn	Returning unsanctioned the travelling allowance bill of the Assistant Deputy Inspector of Hindustani Schools, Western Circle, for April 1906, with the observation that the explanation for the loss of the bill and the office copy is not convincing and that in case the bill was lost, the duplicate should have been prepared and submitted within a few days and that as it is apparent that no better explanation exists, Government are not prepared to exercise their power under Article 5, Civil Account Code.
9	Fl 5464 5—S & A 267 10 4	4	Do	Sanctioning the travelling allowance bill of a special messenger employed by the Inspector-General of Education for journeying to Madras for taking an urgent letter to the Registrar of the Madras University in connection with the affiliation of the Maharaja's College, Mysore, with the observation that the expenses of the messenger for going from place to place in Madras should be debited to office contingencies

12	Fl 5530-1—S & A 450-10	8	Comptr. & Huzur Secy. to H. H. the Maharaja of Mysore	Sanctioning the travelling allowance bill of Jin Jitsu training class for December 1910 and January 1911 for their journey to Bangalore to exhibit Jin Jitsu in Cubbon Park Exhibition and Police Sports, with the observation that if any payment has been made by Police Sports Fund and Cubbon Park Fete Fund, it should be credited to Government *per contra*.
13	Fl 5534-5—S & A 497-10	8	Ex. Comr. and Comptr.	With reference to the recommendation of the Excise Commissioner for condoning the long interruption of 15 years in the service of the late Excise Inspector H. Ramachendra Rao who was dismissed froms ervice in 1875 while employed in the Pubic Works Department and was subsequently re-entertained in 1889, observing that the dismissal must have its ordinary effect of forfeiture of past service, that the Government order of 13th March 1889 permitting the re-entertainment did not modify the dismissal order in any way and that it is too old a matter now to be revised and reconsidered.
40	Fl 5537– S & A 162-10-2	8	Postmaster-General, Madras	With reference to his enquiry if the Durbar consent to bear the share of pension, *viz.*, Rs. 2-10-9 on behalf of S. Narayanappa, late Branch Postmaster, Tyamagondlu, pointing out that it appears that in cases of combined superior and inferior service, the total pay drawn under each should be taken without distinction of superior and inferior pay, that whatever pension or gratuity is admissible should be divided accordingly, that the application of the rule of proportion separately for superior and inferior service as suggested by the Accountant-General, is apparently not contemplated and that for these reasons the Durbar regret their inability to accept the above share of pension.
